Department of Finance 212 South Lake Drive # Lexington, South Carolina 29072 #(803) 359-8105 November 15, 2006

#### Members of Lexington County Council & Citizens County of Lexington, South Carolina

Presented herein is the Comprehensive Annual Financial Report (CAFR) of Lexington County, South Carolina, for the fiscal year ended June 30, 2006. This report has been prepared by the County's Finance Department, and the responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including all disclosures, rests with the County. We believe the data, as presented, is accurate in all material aspects; that it is presented in a manner designed to fairly set forth the financial position and results of operations of the County as measured by the financial activity of its various funds and account groups; and that all disclosures necessary to enable the reader to gain the maximum understanding of the County's financial affairs are included.

The County  $\Rightarrow$  CAFR is being issued using the financial reporting model as prescribed by the GASB Statement No.34, *Basic Financial Statements - and Management \RightarrowDiscussion and Analysis - for State and Local Governments* (GASB34). Readers of the financial report will notice two statements, entitled Statement of Net Assets and Statement of Activities. These statements will provide readers with the financial position of the County viewed as a single entity. The GASB statement also requires that management provide a narrative introduction, overview, and analysis to accompany the Basic Financial Statements in the form of Management  $\Rightarrow$  Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The County  $\Rightarrow$  MD&A can be found immediately following the report of the independent auditors.

The CAFR is organized into four sections: introductory, financial, statistical, and single audit. The introductory section consists of this transmittal letter, location map, organizational chart, and a list of principal officials. The second section is the financial section which includes the MD&A, the Basic Financial Statements and notes that provide a combined overview of the entire governmental unit. This section also contains detailed individual and combining fund and account group statements, as well as the auditor's report on the financial statements and schedules. Also at the end of this second section is a subsection of certain selected supplemental information that management feels is useful and informative to various report users, although not necessary for a fair presentation in conformity with GAAP. The third section is the statistical section which presents selected financial, economic, and demographic trend data, generally over the past ten years. And finally, the single audit section contains information required by the Single Audit Act Amendment of 1996 and U. S. Office of Management and Budget Circular A-133, including the schedule of expenditures of federal awards, auditor's reports related to the single audit requirements, auditor**s** summary schedule of prior audit findings, and single audit findings, recommendations, and questioned costs.

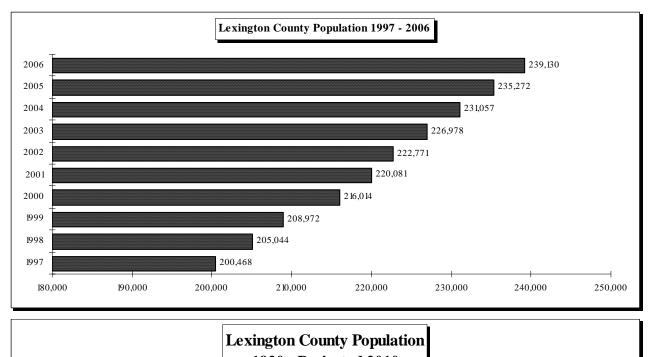

Lexington County operates under the Council-Administrator form of government with council members elected for four-year terms from each of nine single-member districts. This report includes all funds and account groups of Lexington County that are controlled by this governing

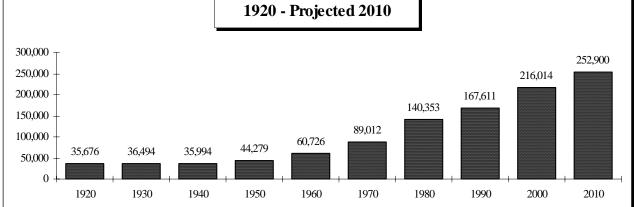

body, and are considered to be the "reporting entity." The services provided by this reporting entity, and therefore reflected in this financial report, include law enforcement, fire and emergency medical services, sanitation, health and social services, road maintenance, judicial and court facilities, planning and zoning, general administrative services, and the County Library operations. Conversely, the other political subdivisions, including the five school districts, two recreation districts, various commissions and municipalities, are excluded from the Lexington County reporting entity because each entity has sufficient discretion in the management of its own affairs. However, the County Treasurer is responsible for collection of property taxes, intergovernmental and other revenues for the political subdivisions. The year-end balances and results of that fiduciary responsibility are included as agency funds in the combined financial statements. The organizational chart that is included in this introductory section illustrates the reporting entity.

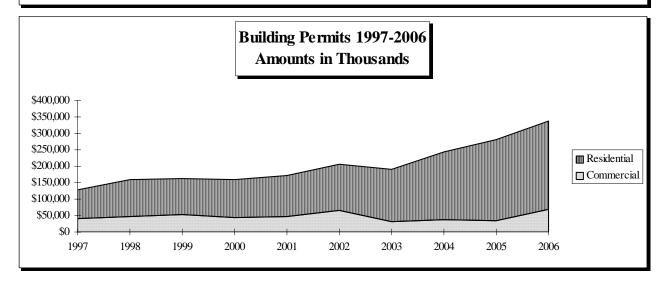

## ECONOMIC CONDITION AND OUTLOOK

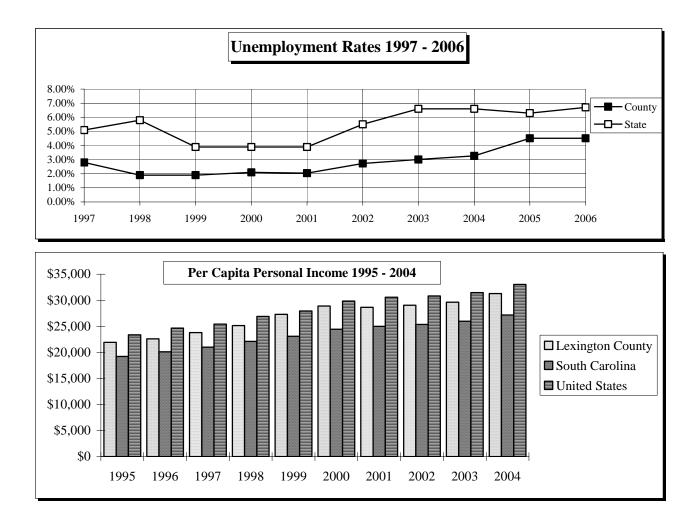

The County of Lexington is located in the central portion of South Carolina, adjacent to the capital city of Columbia. The county is the fifth-fastest growing county in the state and had a per capita income of \$31,282 to rank it third in that category in 2004 (the latest year for which statistics are available). From 1990 to 2000, the state's population increased by 15.1 percent, while Lexington County's increased by 28.9 percent. The county's 2006 population, adjusted from the 2000 census core, was 239,130, an additional increase of 10.7 percent. Lexington County's 2006 unemployment rate is at 4.51 percent, compared to the state unemployment rate of 6.7 percent. The county's labor force was 130,100 as of June 2006.

Lexington County issued 2,268 building permits during fiscal year 2005-06. Residential permits numbered 2,113 with an estimated value of \$268.9 million. A total of 155 commercial permits were issued with an estimated value of \$67.3 million. Permits issued for new single-family detached housing for calendar year 2006 remain high with a year-end total expected to reach over 2,200 for this category alone. These economic conditions indicate a strong foundation for employment and a broad tax base. The county projects these trends to continue as its economic development efforts are aimed at encouraging controlled growth by attracting new industry and employment opportunities.

#### **PUBLIC INSTITUTIONS**

**Lexington County Public Library System -** In 2005-2006, the Library System added almost 50,000 items to its collection of materials and increased the number of programs to better serve the public. It also upgraded its automation software to the latest version that provides much

more flexibility for the system.

The library continues to enhance its collections in all facilities through purchasing new books, videos, and audio materials. The library plans to increase its purchasing of DVDs and books on CD during the new fiscal year. These materials are available to everyone in the county through a courier service that travels around the system daily. Items which the library does not own can be requested from other libraries in the area and around the country through the interlibrary loan service. Internet access to the World Wide Web is available at all branches. Each facility is also able to access a wide variety of state-wide databases that contain many full-text magazine articles and reference materials. This access is also available to library users from their home computer. This service is made available through the DISCUS program coordinated by the South Carolina State Library. The library has its own web page which allows the public to search its online catalog and place requests for items via the Internet. The library had a total of 644,652 "virtual visits" to its website and online databases. The library circulated 1,780,437 items during the fiscal year, and a total of 60,614 persons attended 1,992 programs for both children and adults during the year.

In fiscal year 2006-2007 the library will begin enlarging the Chapin, Gaston, And Gilbert-Summit branches. A new Swansea Branch will be built to replace the current one, and a completely new branch will be constructed in the South Congaree – Pine Ridge area. These small branches have outgrown their facilities and the new facilities will provide better service to a growing population with more space for materials and programming for children and adults. The library will also be continuing to look at more efficient ways to provide information to the public, such as answering requests for information via e-mail or even online real-time reference service. Wireless access to the internet will be installed in the three larger branches. As technological advances provide increased possibilities for libraries, the Lexington County Public Library will be looking at implementing those services that are both cost effective and beneficial to the public. At the same time, the library will be adding to its print and non-print collections to meet the information, education, and recreation needs of our citizens.

**Riverbanks Zoo and Botanical Garden -** Riverbanks Zoo & Botanical Garden , winner of the 2002 Governor  $\mathbf{x}$  Cup for Most Outstanding Tourist Attraction in South Carolina, offers an unique educational experience for the entire family. Visitors can view more than two thousand animals housed in natural exhibits that use psychological barriers such as moats, water, and light to create an environment free of bars and cages for the animals. A seventy-acre botanical garden provides visitors with an opportunity to experience both native and exotic plant exhibits.

Riverbanks Zoo and Garden was granted re-accreditation at the annual meeting of the American Zoo and Aquarium Association. Zoos and aquariums are up for re-accreditation every five years, at which time they undergo a rigorous reapplication process to remain members of the prestigious AZA, the organization that sets the standards in zoological animal care. The AZA team that inspected the zoo and its operations was particularly impressed with a tremendously supportive community, highly motivated and dedicated staff, the number of

local households with zoo membership, the beautiful horticulture, strong animal training, the enrichments programs, veterinary care, progressive and stable leadership, educational programming and a strong volunteer program.

Riverbanks Zoo was also awarded the Edward H. Bean Award for its work with the Malagasy leaf-tailed geckos, a group of lizards from the island of Madagascar that are currently facing endangerment. The Bean Award recognizes efforts in the long-term captive management and husbandry of various animal species. In addition to this award the zoo also received a grant in the amount of \$231,400 from the James L. Knight Foundation. The award was the largest grant of its kind awarded to Riverbank's in the park's 31-year history. It will help institute an after school program for middle school students in which they will become Junior Master Gardeners.

In April 2006, the zoo's two baboons were reintroduced to their newly renovated home. The renovation project cost \$35,000 and took approximately a month and half to complete. The project

was paid for with proceeds received from a Riverbank's Society fundraiser event. Most of the renovation was done in-house by zoo staff with contractors coming in to complete specific tasks. The new exhibit features a grassy savannah and a collapsed bridge that serves as both a climbing structure and a shaded area for the animals. A national advisory group dedicated to baboons in captivity has recommended that at least four new baboons join the two current baboons in their renovated exhibit by the end of 2006.

In the past year, Riverbanks has also welcomed a host of new animals to their facility. Some of these animals included ten Damaraland mole rats from Texas' Houston Zoo, ten Gentoo penguins from Orlando's Sea World Park, a pedigreed African male lion from Sedgwick County Zoo in Kansas, and two giraffes that also came from the same zoo in Kansas. In addition to welcoming these animals, the zoo also welcomed its 20 millionth guest in June 2006. The zoo normally receives around 900,000 visitors each year.

Midlands Technical College - Midland Technical College, the only college located in

Lexington County, is a comprehensive, public, two-year institution that enrolls approximately 11,000 credit students every fall and more than 30,000 continuing education students annually. The college is accredited by the Commission on Colleges of the Southern Association of Colleges and Schools to award associate degrees, diplomas and certificates. Midlands Technical College offers approximately one hundred degree, diploma, and certificate programs of study. One in every three college bound high school graduates in their service area is served by the college. MTC is also the largest source of transfer students to Columbia College and the University of South Carolina. The college continuing education program is

one of the largest of its kind among two-year colleges in the state. It was recently ranked among the nation's top 50 fastest growing public two-year colleges. In a recent study published in Community College Week, MTC ranked 35 nationally among peer colleges with enrollments larger than 10,000 students.

The South Carolina Commission on Higher Education announced that Midlands Technical College obtained a Substantially Exceeds ranking on its Performance Funding evaluation. Of the 16 technical colleges in the SC Technical College System, MTC is the first and only two-year college to ever receive this ranking in the eight-year history of the Commission **Performance Funding** evaluation process. The college was evaluated on the following areas: adoptions of strategic plan and attainment of goals, academic and other credentials of faculty, compensation of faculty, accreditation of degree granting programs, cooperation and collaboration, gradation rate, results of graduates on professional examinations and accessibility of the institution to all citizens of the state.

Midlands Technical College will receive approximately \$2.6 million to support its Community-Based Job Training program, Creating Capacity in Health Services. The US Department of Labor is contributing \$1,964,563 and MTC's partners from the private and public sector, healthcare, and education will provide an additional \$634,500 in in-kind services and matching funding in support of the initiative. Of the nearly 400 proposals submitted to the US Department of Labor, MTC is the only South Carolina college to receive this competitive federal assistance. Community-Based Job Training programs support career education for high growth industries through the nation's community and technical colleges. The program will strengthen MTC's ability to respond to the critical healthcare employee shortage facing the region. Through Creating Capacity in Health Services, MTC will connect potential health science students to targeted counseling and assessment services giving them a broad understanding of the career possibilities within the healthcare field.

**Columbia Metropolitan Airport** - The Columbia Metropolitan Airport is situated on 2,600 acres, and has more than 50 agencies and businesses located on the property. The airport serves more than 1.2 million passengers and handles more than 168,000 tons of air cargo a year. Air passenger and cargo service is provided by scheduled airlines, jet freight carriers, two fixed base operators, and various charter flights. Air operations are conducted on an 8,600' x 150' runway and an 8,000' x 150' runway.

Passenger statistics at Columbia Metropolitan Airport for 2005 set a

record for year-end figures with a total of 1,462,933

passengers departing and arriving through the airport, a 17.4% increase over 2004. A total of 732,625 travelers departed on flights during the year, which is a15.54% increase over 2004. Arriving passengers for the year totaled 730,308 which is an 18.99% increase over 2004. New air service for 2005 included the addition of nonstop service to Memphis on Northwest Airlines and the return of American Eagle to the Columbia market to provide nonstop service to Dallas. Current nonstop markets from Columbia include Houston, Dallas, Memphis, Orlando, Atlanta, Charlotte, Washington DC (Dulles and National Airports), Cincinnati, Chicago, Detroit, Philadelphia, Newark and New York.

The Federal Aviation Administration (FAA), Southern Region Airports Division has awarded the Columbia Metropolitan Airport the 2005 Air Carrier Safety Award. Columbia Airport sponsored a number of initiatives in 2005 that enhanced safety awareness and operating safety on the airfield. The airport has an excellent operations department that is staffed around the clock to be the nerve center of the airport. They coordinate security, safety and communication activities from a central location. In addition to hosting monthly safety and security committee meetings, the airport created a mandatory driver-training program. The airport has also hired, trained and maintained a competent and professional staff of airport rescue firefighters, maintenance technicians, and operations coordinators.

#### **INDUSTRIES**

**Department of Economic Development** - Working in partnership with the Department of Commerce and local governments, the County supports and encourages the growth of existing industries and recruits national and international companies to Lexington. The staff plays a vital role in site selection for development prospects as well as market research, labor analysis, and corporate relocation assistance. This Department is often the first introduction a prospective company has to Lexington.

County Council has an active Economic Development Committee that reviews many business expansion and location plans. The County's Economic Development office coordinates with the South Carolina Department of Commerce. They respond to the inquiries and needs of companies considering Lexington for a new location, as well as existing companies that may be considering expansion. These expansions, along with the development of new industries, raise the tax base and increase the number and quality of job opportunities available to the residents. This method of investing in the future is essential to building the communities that the County of Lexington strives to maintain and improve.

Lexington County reports the following developments in 2005-2006:

**Michelin** will invest another \$85 million to expand its S.C. manufacturing plants, creating another 70 jobs in Lexington County over the next five years. In Lexington County, Michelin plans to spend \$85 million to increase its large-tire production. The Lexington plant would also hire an additional 70 people.

**Walter P. Rawl & Sons**, a major grower and packer of quality fresh vegetables for stores nationwide, announced that they are expanding their operations. The company will be building a 78,000 square foot building at their operations located in Pelion. This expansion will be completed for an estimated \$6 million and will create 25 new jobs. The new facility will be utilized for the processing and warehousing of fresh vegetables and will bring the total employment of the company up to 300.

**Diamond Pet Food**, a major pet food manufacturer, announced that they are expanding their operations in Gaston. This warehouse expansion is estimated to cost \$2 million and will employee an additional 20 people.

**Prysimian**, an international cable producer has purchased Pirelli in Lexington. This acquisition will strengthen the operation and add an additional 50 jobs on site.

**Shaw Industries**, has purchased Honeywell in Lexington County. This acquisition has led to new capital investments in the facility and the addition of 100 new jobs.

**Ribeau**, RIBEAU Entertainment LLC has announced that they will be building a 6,500 seat arena in Lexington County. The company will be building a facility designed to be home to the Columbia Inferno Hockey Team, an ECHL professional hockey organization that currently is housed in the Carolina Coliseum in Columbia, SC. This project will be completed for an estimated \$30 million and will bring over 140 full and part-time jobs to Lexington County. The new facility is planned to be in full operation to kick-off the 2007-2008 hockey season.

**Saxe Gotha Industrial Park**, Lexington County Council announced plans to purchase and develop five hundred acres on Interstate 26 for the development of a new industrial park. The new park has a premier location along Interstate 26 south of Interstate 77. This park is proposed to be developed on six tracts of land assembled for this purpose. The site is served by rail and has direct access to water, sewer, gas and telecommunications. The new industrial park will have over a mile of interstate frontage and will be highly visible being located near the intersection of Interstate 77 and Interstate 26.

Industrial parks are designed to provide space for manufacturing facilities, while having the capability of accommodating large-box warehouse and distribution centers as well as the smaller supply industries and spin-off companies needed for the larger operations. The Lexington County Council is planning to attract some of the larger industries and companies who need the additional acreage to this park. This park is designed to be a true regional industrial park located on Interstate 26. The new park located with Interstate 77 within close proximity would be a prime location for a distribution center. County Council plans to issue General Obligation Bonds to fund the purchase and improvement of the property. These bonds will not exceed \$13 million dollars and will be issued for a period not to exceed fifteen years.

**Genesis**, Genesis Creative Media Production & Marketing, Inc. held a groundbreaking ceremony in November for the construction of the largest private studio facility in South Carolina. Located in Cayce, Phase I will include a 9,500-square-foot administrative/post-production facility with over 4,000 square feet of dedicated studio space, complete with dressing rooms, office, kitchenette, green room, and a hard cyclorama. The facility is designed to meet the needs of Genesis Creative's current workflow and to accommodate other production companies. Along with production of its first independent feature film, "Ockham's Razor," Genesis Creative views Phase I of the construction project as a significant first step toward the goal of helping establish South Carolina as a full-service location for motion picture production. Phases 2 through 5 will include three additional dedicated studios of approximately 30,000 square feet, along with a set-construction workshop.

**Time Warner**, Time Warner Cable has located its new company headquarters building in Lexington County. This marks the first company-owned headquarters building in South Carolina and represents an investment of over \$24 Million, including purchase and renovation. The new building includes Columbia system employees, as well as a state-ofthe-art call center that handles most customer transactions throughout the SC Division. Time Warner Cable's Division executives and administrative staff will also be located in the new building. 750 employees are now stationed in the Platt Springs Road facility, which is adjacent to the Columbia Metropolitan Airport. Time Warner Cable's purchase of the new 318,000 square foot building, of which the company currently occupies 154,000 square feet, will enable them to experience further growth in the future. Time Warner Cable owns and manages cable systems serving subscribers in 27 states, which include some of the most technologically advanced, best-clustered cable systems in the country with more than 75% of the Company's customers in systems of 300,000 subscribers or more. Utilizing a fully upgraded advanced cable network and a steadfast commitment to providing consumers with choice, value and quality customer care, Time Warner Cable is an industry leader in delivering advanced products and services such as video on demand, high definition television, digital video recorders, high-speed data, wireless home networking and Digital Phone.

**SC Pipeline**, SCANA Corporation announced plans to build a new Headquarters Facility for South Carolina Pipeline Corporation in Lexington County. South Carolina Pipeline Corporation (SCPC) is a wholly owned subsidiary of SCANA Corporation. SCANA Corporation, a Fortune 500 company headquartered in Columbia, South Carolina, is an energy-based holding company principally engaged, through subsidiaries, in electric and natural gas utility operations and other energy-related businesses. With a local investment of approximately \$35 million, the company will bring 200 jobs to Lexington County. SC Pipeline is engaged in the purchase, transmission and sale of natural gas on a wholesale basis to distribution customers and directly to industrial customers throughout South Carolina. This company also owns liquefied natural gas storage facilities. Resale customers include municipalities and county gas authorities, in addition to SCE&G. Industrial customers served are primarily engaged in the manufacturing or processing of ceramics, paper, metal, food and textiles.

**Stock Components**, Stock Building Supply, a leading supplier of building materials and services to professionals in the United States, is building a new truss plant in the Gaston area. The Stock Components plant will employ approximately 143 associates and is anticipating an investment of more than \$10 million. Raleigh, NC-based Stock Building Supply operates 287 locations in 33 states, with reported sales of \$4.1 billion in the fiscal year 2005, ending July 31. Stock Building Supply is a subsidiary of Wolseley plc of Theale, England, which had worldwide sales in fiscal year 2005 of more than \$20 billion.

Allied Air, Allied Air Enterprises, Inc., a subsidiary of Lennox International Inc., will relocate its corporate headquarters and a Research and Development facility to Lexington County. The Lexington County facility will serve as the corporate headquarters for the entire Allied Air business unit with over 22,000 square feet of office space and 40,000 square feet of research and development facilities, including testing laboratories. This will create over

125 new jobs. Allied Air's R&D facility in Lexington is responsible for the design and testing of many new Allied products as well as some platforms sold to the entire Lennox International Worldwide Heating & Cooling customer base. The new operation will include six cooling test rooms, eight heating test stations, a model shop, and other key research functions.

**INC**, INC engineered materials, an Australia-based company that specializes in acoustic insulation products, is locating its first United States facility in Lexington, South Carolina. The company has initially invested almost \$2.5 million that will create 10 new jobs with the opening of a 60,000 square-foot manufacturing facility at CAE Airport Park. In 2002, I.N.C. Corporation was awarded the Society of Automotive Engineers Australasia, Gold Award for Engineering Excellence for their development of their DECI-TEX® lightweight acoustic materials. These materials will be produced from the new facility. Formed Fiber Technologies, whose Color-Fi Fiber Division is based in Sumter, SC, is the first US technology licensee, supplying DECI-TEX® parts for the new Toyota Camry.

**SCANA**, SCANA announced that the company has selected property in Lexington County near I-77 and 12th Street to construct a campus facility that will be ready for occupancy by the time its current lease at the Palmetto Center expires in 2009. This \$70 million investment will bring the only Fortune 500 Headquarters in South Carolina to Lexington County. The SCANA campus will be comprised of three, 3-story buildings totaling 450,000 sq. ft., with ground-level parking. Construction of the facility is targeted to begin late summer 2007, with completion in late 2009. Approximately 1,100 employees from various locations throughout the Columbia area will relocate to the new facilities. SCANA Corporation, a Fortune 500 company, is an energy-based holding company principally engaged, through subsidiaries, in electric and natural gas utility operations and other energy-related businesses. The company serves approximately 617,000 electric customers in South Carolina and more than one million natural gas customers in South Carolina, North Carolina and Georgia.

Accurate Manufacturing, Accurate Manufacturing, INC. has announced today that they will be expanding their operations in Lexington County, South Carolina. The company will be building a 17,500 square foot building at a new site near Swansea, SC. This expansion will be completed for an estimated \$400,000 and will create 50 new jobs. The new facility will be utilized for the manufacturing and distribution of hot and cold gel packs and will bring the total employment of the company up to 85 over the next several years.

# **MAJOR INITIATIVES**

#### MAGISTRATE COURT SERVICES

The Lexington County Magistrate Court Services department is made up of eight full time Judges and twenty-six full and part-time staff positions. In July 2006 At-Large Magistrate, Judge Gary W. Reinhart, was reappointed Chief Magistrate for the County by Chief Justice Jean Toal and Judge Brian Jeffcoat was reappointed as Associate Chief Magistrate.

The Magistrate Court Services has worked diligently over the last year with the Lexington County Council, County Administrator, Information Services, and the State Judicial Department to begin implementation of the State Case Management System. The State Case Management System was developed under the initiatives of Chief Justice Jean Toal, to link the courts across the state. In the early Spring of 2007 the State Case Management Team will begin implementation and data conversions for the Magistrate Court. By the Fall of 2007 the Lexington County Magistrate Court, Clerk of Court, and the Solicitor's office will all be linked thanks to this new technology.

#### **PROSECUTION CASE MANAGEMENT SYSTEM**

In the fall of 2005, the Solicitor's Office was informed by Ciber that the version of Oracle used by CRIMES, their case software system, would no longer be supported by Oracle. The CRIMES software would have to be upgraded to a newer version of Oracle. In the midst of working with the Information Systems department in finding an immediate and long-term solution another option presented itself to the department.

The South Carolina Judicial Department had a acquired a Prosecution Case Management System that could integrate with the Judicial Department Court System. The Judicial Department would pay the estimated \$308,000 to cover the licenses for an unlimited number of users per circuit, data conversion of up to four existing systems, training, system setup and testing, and the first year of maintenance and support. The only cost to the County for the new PCMS would be the computer hardware and software needed to implement the new system. The Prosecution Case Management System is designed to allow the Solicitor's Office to track its criminal cases in General Sessions (Adult), Criminal Family Court (Juvenile) and diversion programs like Drug Court, Juvenile Arbitration and Pre-Trial Intervention. The system will produce a large majority of the paperwork including rosters, indictments, petitions, subpoenas, and letters.

It is estimated that over the next five years, the PCMS would save the County approximately \$96,000 in support and maintenance costs in addition to having a Solicitor's office with the capability to integrate with the state court system.

#### PROPERTY, MAPPING, AND DATA SERVICES

Launching of a Geographic Information System (GIS) in 1989, and the creation of an accurate computerized road map in 1990, gave Lexington County the opportunity to analyze response times to best locate fire stations, to efficiently locate service centers, to allow the County to receive the first digital flood maps on the East Coast of the US, and to create an address data base that greatly improved census results and now forms the backbone of a state-of-the-art emergency response Communications Center.

More than a decade of computerized permit data, development information, and other growth statistics have allowed the GIS technology to be at the heart of many planning activities, including land use, transportation, and school locations. With the addition of computerized parcel maps from the Assessor's Office, the County has been able to make up-to-date property information available to the County staff as well as anyone involved in land development and permitting. Years of intelligent and cost-saving applications allowed the County's Department of Planning and GIS to be recognized as a leader in the use of this technology.

Around the country, a small percentage of the counties are providing the public easier access to information through the use of GIS internet technology. In South Carolina, Lexington County is one of the leaders in this area with its very comprehensive internet Property, Mapping, and Data Services site. A large quantity of information is contained in the following nine services, which have been greatly enhanced during the past year with the addition of high-resolution color aerial photography:

The **Current Data** map service provides the most up-to-date information on zoning, streams and ponds, municipal boundaries, roads and railroads. This information is displayed on the most recent parcel coverage from the Assessor's Office and is constantly under development during the current year as deeds are recorded in the Register of Deeds Office. Use of this site for historical research has been aided by the addition of aerial photography from 1989, 1996, and 2003.

The **Government Services** site contains listings and locations of various governmental services, such as parks and recreation, public safety facilities, airports and airfields, medical facilities, schools and libraries, public works facilities, solid waste facilities and franchise areas, and County building locations.

The **Political Boundaries** map service has the district boundaries for County Council, State Senate and House, Schools, and Magistrates, as well as precinct boundaries, polling locations, municipal boundaries, and zip codes. This information is displayed on the most recent parcel and road coverages.

The **County Address Range Directory** service can be used to determine the location of addresses by the following criteria: County Council Districts, Municipal Boundaries, School Districts, and zip codes.

The **Property Search** site accesses property records from 1998 through the current year. You can search for information by tax year, tax map number, owner, or address. The **Map Gallery** has downloadable PDF's depicting information such as census data, permitting activity, growth information, and other demographics throughout the County. These are made more useful with the availability of maps showing ordinance application boundaries and data and information boundaries.

The **2004 Property Data** map service is definitely unique. It contains the parcel and ownership information for 2004 that was used for computing the 2005 tax bills.

The **Road and Parcel Locator** contains the most recent road and parcel coverages and allows a county-wide search by road name or a search for parcels by owner's name, tax map number, various size parameters, or SQL statements.

The **Engineering and Surveying** map service contains information that is especially useful to engineers and surveyors working on projects in Lexington County. This includes detailed flood information, soils, wetlands, contours, control points, streams and ponds, and zoning displayed on the most recent parcel and road coverages.

The launching of our Property, Mapping, and Data Services has been a huge success just by bringing this information to the desktop of every employee. However, the true success stories are found on all those computers located in homes and business offices everywhere. Acceptance and praise from the various user groups as well as the general public continues to be gratifying beyond expectations. "Hits" on this portion of Lexington County's website have always been high, and the number of callers that can be referred to the site for their research increases every year.

There are specific community groups that benefit regularly. Those involved in development (engineers, developers, surveyors, contractors, mortgage bankers, real estate agents, etc.) are much better equipped to do their jobs. Our economic development partners in the area are now better able to serve the county without having to ask for all of the information on each project site. However, the most exciting responses have been from the average citizen who simply wants to be more informed.

#### **AERIAL PHOTOGRAPHY**

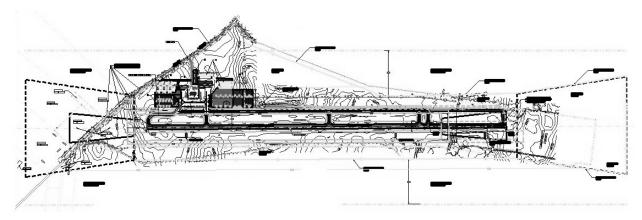

Lexington County has added another enhancement to the GIS Property, Mapping, and Data Service section of its website. Citizens can now get a new perspective on growth thanks to updated aerial photographs. The photos are the first countywide survey since 1989. Residents will be able to compare their neighborhoods as they looked in 2003 with how they looked in 1989 and even 1972 when the county first shot aerial photographs. They will also be able to check the number of new housing permits or overlay the county tax map onto their neighborhood.

In the winter of 2003, approximately 936 photos were taken showing homes, roads, and geography. The County also purposely shot Lake Murray while it was drawn down to show the shoreline contours and shallow coves. The photos have enough resolution to zoom in on boats in the marinas. With this clarity and detail, they will be a useful tool for residents, developers, and even

law enforcement agencies. Developers will be able to check the topography of a piece of property, overlay the wetland areas, determine soil types and flood plains. This information will help save time and money in site selection and planning for new development. The maps can also benefit law enforcement agencies by helping to position officers or plan drug and fugitive searches.

#### LEXINGTON COUNTY AIRPORT AT PELION

In December 2004, the County purchased a 150 acre airport from the Town of Pelion for \$225,000. Acquiring the 25 year old airstrip from the Town of Pelion is the County's first attempt at operating an aviation facility. The initial focus will be to make the airstrip more attractive to recreational pilots before trying to lure commercial development.

Planners recommend \$5.2 million in improvements by 2010 to attract more traffic. Proposals for runway extension, runway electrical and lighting system replacement, additional hangars, and other enhancements at the airport hinge on expected payback, mainly from the new businesses that would come if those features were added. Planners say the dozen flights that use the airstrip daily could easily grow to seventy in a few years with the new amenities.

The county already has a waiting list for the dozen hangars and expects the \$22,000 per year in revenue they generate to pay for the operations. The county also expects to receive at least \$150,000 a year in federal grants from the Federal Aviation Administration and plans to compete for other FAA grants.

In June of 2006 a convenience was added for pilots at the airport. A fuel farm was installed that allows pilots to purchase 100LL gas anytime with their credit cards. Currently the price is set at \$3.85 per gallon and will be adjusted accordingly to reflect the current cost of fuel and also to stay competitive with other local airports.

#### FIRE SERVICE

The Lexington County Fire Service continually evaluates its programs in an effort to provide adequate fire protection to the citizens of Lexington County. To help accomplish this, the Fire Service maintains a five year plan outlining the operating, capital and staffing levels currently needed, as well as identifying the future needs of the rapidly growing communities within the County. This plan identified three major areas of the County that do not meet the minimum standard for fire protection. To address this need approximately \$2,625,000 was budgeted to construct fire stations at Fish Hatchery Road, Cedar Grove Road and Corley Mill Road.

In July 2006, construction began on the Fish Hatchery Station. The 4,020 square foot facility includes a two bay apparatus room, office, training room, kitchen and sleeping quarters. The station is expected to be operational by March 2007. It will be staffed with volunteer personnel and six salaried personnel, which will be assigned to 24/48 hour shifts providing 24 hour staffing. The station will be equipped with a 1250 gallon per minute pumper and 1500 gallon capacity tanker. Land for the

Cedar Grove and Corley

Mill fire stations are presently under contract and construction should begin in early 2007. Similar station construction will be utilized and combination of volunteer and salary staffing is planned. The construction of these three stations will bring the total number of fire stations within the County Fire Service to twenty four. The addition of these stations will bring 99.7% of all properties in the county within five road miles of a station, which is the minimum standard for

fire protection as established by the Insurance Services Office (ISO).

In October 2005, Fire Service was awarded a Federal Emergency Administration Assistance to Firefighters Grant. This grant assisted with the upgrade and replacement of the department's 250 Self Contained Breathing Apparatuses. The cost of this project was \$875,000, of which \$700,000 was appropriated through the grant. This project provided the opportunity to replace all of the SCBA at the 21 fire stations equipping personnel with updated equipment featuring the most advanced safety features that are available.

By using the five year plan to identify current and future needs and utilizing grant funding to enhance operations, enables the Fire Service to better achieve its goal of improving services to the citizens of Lexington County.

#### FINANCIAL INFORMATION

Lexington County management is responsible for developing and maintaining an internal control structure designed to ensure that the assets of the County are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles. The internal control structure is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that: (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

#### Single Audit

As a recipient of federal and state financial assistance, Lexington County also is responsible for ensuring that an adequate internal control structure is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is subject to periodic evaluation by management and the County's internal audit staff.

As a part of Lexington County's single audit, tests are made to determine the adequacy of the internal control structure, including that portion related to federal financial assistance programs, as well as to determine that the County has complied with applicable laws and regulations.

#### **Budgetary Control**

Budgetary control is maintained at the department level by the encumbrance of estimated purchase amounts prior to the release of purchase orders to vendors. Purchase orders which result in an overrun of departmental balances are not released until additional appropriations are made available. Encumbrances lapse at year end, but are generally reappropriated in the following fiscal year for capital items. Debt service expenditures are controlled by bond issuance requirements and corresponding revenues are set by the County through millage levies on an annual basis. Project length financial estimates are calculated for capital projects funds.

#### **Spending Limit Ordinance**

The Lexington County Council enacted a Spending Limit Ordinance in June of 1995 which limits the county operating tax millage to the fiscal year 1994-95 rate and, in turn, requires operational budget expenditures (appropriations) to stay within these revenue limits. Although the ordinance does contain provisions for increases resulting from federal or state mandated law, emergencies, and judgments, any other increase to the millage rate must first be presented and authorized by taxpayers in a county wide referendum.

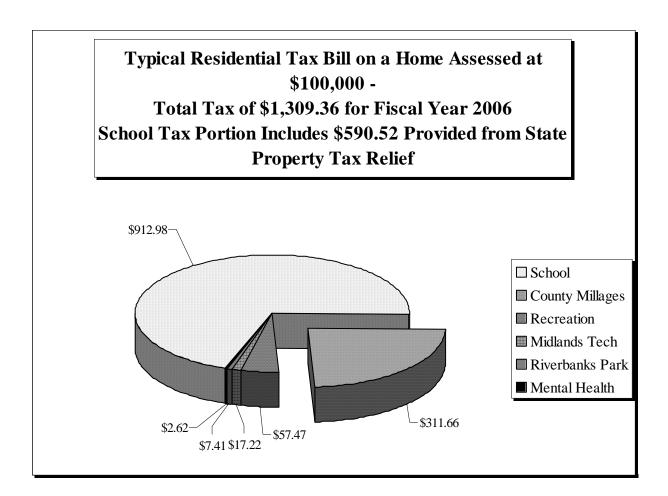

In June 2001, County Council amended the Spending Limit Ordinance in order that it may be exceeded as allowed by the South Carolina Code of Laws, Code Section 6-1-320(B). The code states that the millage rate limitation may be overridden and the millage rate may be further increased by a positive majority vote of the appropriate governing body. The vote must be taken at a specially-called meeting held solely for the purpose of taking a vote to increase the millage rate. The

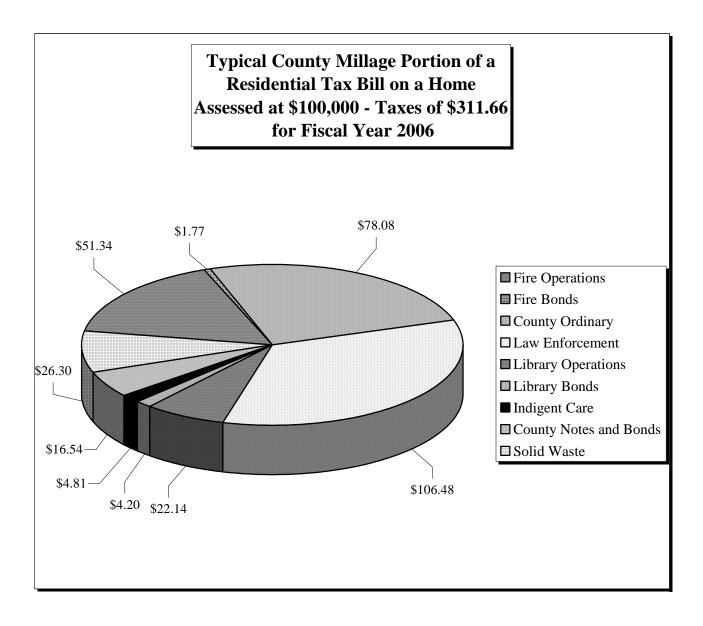

governing body must provide public notice of the meeting notifying the public that the governing body is meeting to vote to override the limitation and increase the millage rate. Public comment must be received by the governing body prior to the override vote. This removed the provision from the 1995 Ordinance that a county wide referendum had to take place in order to increase the millage rate.

#### **General Governmental Functions**

Assessed valuations of \$842,761,670 represented an increase in the tax base of 16.36 percent over the preceding year's assessed value of \$724,237,230. Tax levy rates for general governmental funds decreased to 65.713 mills for operations. Debt service mills decreased to 5.629. Millage levies for other political subdivisions, such as schools and municipalities remained fairly constant or have increased. Total taxes levied for all taxing agencies increased 8.96 percent, from \$264,498,970 to \$288,201,571, while the corresponding net tax collections increased 7.63 percent, from \$257,982,049 to \$277,654,490. The collection percentage for fiscal year 2005-06 was 96.34 percent. Lexington County's property tax collection percentage has averaged between 92 and 97 percent during the last 10 years.

A typical tax bill for an owner-occupied residence assessed at \$100,000 is charted below. It should be noted that this tax bill of \$1,309.36 does not include any municipal taxes. Of the \$912.98 billed for school taxes, \$590.52 is provided on behalf of the taxpayer through State Property Tax Relief, an exemption which applies to ad valorem taxes levied for school operating budgets.

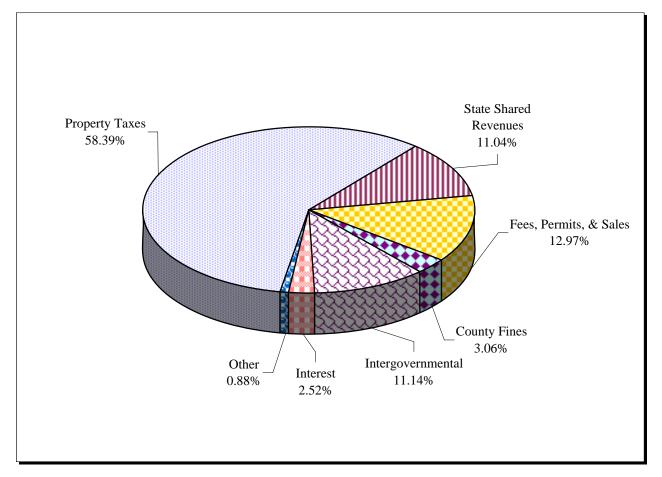

The schedule on the next page presents a summary of revenues for the primary governmental funds (general, special revenue, debt service and capital projects) for the fiscal year ended June 30, 2006. Revenues for general governmental operations totaled \$103,071,660 in fiscal year 2005-06, an increase of 6.05 percent from fiscal year 2004-05. Property tax revenues increased \$3,576,231 (6.32 percent) and accounted for 58.39 percent of general governmental revenues.

| Capital Outlay                   |    | 7,215,620  |         | 7.62%    |    | 6,901,791     | 313,829     |
| Debt Service                     |    | 5,113,361  |         | 5.40%    |    | 5,086,496     | 26,865      |
|                                  | \$ | 94,663,449 | -       | 100.00%  | \$ | 95,381,451 \$ | (718,002)   |

Expenditures during fiscal year 2005-06 for general governmental functions are scheduled on the previous page. The current year's total of \$94,663,449 represents a .75 percent decrease over last year's total of \$95,381,451. Law Enforcement expenditures totaled \$24,885,120 and accounted for 26.29 percent of total expenditures. This is largely due to personnel and their associated costs. Public Works expenditures decreased by \$1,694,715 due to several Schedule "C" Fund projects being completed last fiscal year. Community and Economic Development expenditures decreased by \$1,744,437 due to several HUD projects being completed last fiscal year along with a loan payment made on behalf of Pirelli.

#### **General Fund Balance**

The balance of the general fund stood at \$40,424,146 as of June 30, 2006. However, this included \$16,982,161 of funds designated for specific items and leaves an undesignated, unreserved balance of \$23,441,985. This undesignated, unreserved fund balance represents the equivalent of 91 working days of expenditures. (This equivalent is based on total general fund expenditures of \$66,853,933 for fiscal year 2005-06, assuming 260 working days per year.)

#### **Cash Management**

The management of cash and investments is the responsibility of the County Treasurer. A negotiated rate of interest is paid daily on cash held in checking accounts. Other investments are made in the State Treasurer's Local Government Investment Pool, U.S. Government Agency Securities, and/or Certificates of Deposit. All investments are made in compliance with S.C. Codes 6-5-10 and 12-45-220. During the fiscal year ended June 30, 2006, interest earnings totaled \$3,208,703 for the governmental, proprietary funds and internal service funds as detailed below:

| Fund Type                                 | <b>Investment Interest</b> |                           |  |  |
|---|----------------------------|---------------------------|--|--|
| General                                   | \$ 1,523,775               |                           |  |  |
| Special Revenue<br>Debt Service           | 632,192<br>89,268          | ¢ 0 c01 15c               |  |  |
| Capital Projects                          | 355,921                    | \$ 2,601,156              |  |  |
| Internal Service Fund<br>Enterprise Funds |                            | 506,504<br><u>101,043</u> |  |  |
| Total                                     |                            | \$ <u>3,208,703</u>       |  |  |

#### **Enterprise Operations**

Solid Waste Management - In previous years, the Lexington County Solid Waste Management operations were included within the Public Works Division, but beginning in fiscal year 1990-91, it is a separate fund being accounted for as an enterprise fund. With the increased complexity of solid waste management, County Council needed more accountability to determine user service charges and tax levy subsidies. This fund accounts for all landfill construction, operation and maintenance, as well as the operation of the twelve convenience stations located throughout the County and one transfer station. Current goals of this operation include providing long-term solid waste collection for County residents and increased awareness of recycling through the convenience stations. Operations for the fiscal year included operating revenues of \$1,574,050 and operating expenses of \$6,853,790, resulting in an operating loss of \$5,279,740. The fund had a decrease in income of \$123,378 compared to the prior fiscal year.

#### **Debt Administration**

In accordance with State law, Lexington County must maintain its general obligation bonded debt within a limit of 8 percent of total assessed value of real and personal property. Table 7 in the Statistical Section of this CAFR explains this calculation further and presents the following data:

| Total Outstanding General | Ratio to       | General Obligation |
|---------------------------|----------------|--------------------|
| Obligation Bonded Debt    | Assessed Value | Debt Per Capita    |
| \$ 39,738,413             | 4.72%          | \$ 166.18          |

Lexington County's total debt, however, includes more than just its bonded debt. As of June 30, 2006, the County's total gross general long-term outstanding debt amounted to \$42,440,591. This consisted of \$39,738,413 in general obligation bonds and \$2,702,178 in compensated absences (accrued vacation benefits). There were debt service monies on hand as of June 30 to pay this debt in the amount of \$2,098,707. Therefore, this leaves the County with a total net general long-term debt of \$40,341,884. Ratios are presented as follows:

| Net General<br>Long-term Debt | Ratio to<br>Assessed Value | Amount Per Capita |
|-------------------------------|----------------------------|-------------------|
|                               |                            |                   |

Lexington County's general obligation bonds continue to be rated highly by the bond-rating agencies. Most recently, the County received a rate of "Aa2" by Moody's Investors Service and a rating of "AA-" by Standard & Poor's.

#### **General Capital Assets**

The general capital assets of the County are those capital assets used in the performance of general governmental functions and exclude the capital assets of the enterprise funds. As of June 30, 2006, the general capital assets of the primary reporting entity amounted to \$344,756,922.

#### **Risk Management**

The County maintains an employee health insurance plan for all full-time employees, with individual stop-loss coverage of \$75,000 through a third-party insurance company. Beginning in fiscal year 1990-91, a third party company reviewed all inpatient and surgical procedures in an effort to minimize charges and eliminate questionable procedures. Coverage currently is maintained for workers' compensation claims through the State of South Carolina Workers' Compensation Fund. This fund covers all medical claims for work-related injuries, as well as providing disability payments for loss of time from work for periods lasting in excess of 14 calendar days. Also, to minimize accident-related losses, drivers' training classes are required periodically for employees who drive County equipment.

## **OTHER INFORMATION**

#### **Independent Audit**

The South Carolina Code of Laws and the Federal Single Audit Act Amendment of 1996 require an annual audit of all financial records and transactions of the County by independent certified public accountants selected by County Council. The firm of Brittingham, Brown, Prince, & Hancock was selected, and their report on the general purpose financial statements is included in the financial section of this report. The auditor's reports, pertinent to the requirements of the single audit act, are included in the Single Audit Section.

#### Awards

The Government Finance Officers Association of the United States and Canada (GFOA) awarded a Certificate of Achievement for Excellence in Financial Reporting to the County of Lexington for its comprehensive annual financial report for the fiscal year ended June 30, 2005. In order to be awarded a Certificate of Achievement, a government unit must publish an easily readable and efficiently organized comprehensive annual financial report whose contents conform to program standards. Such reports must satisfy both generally accepted accounting principles and applicable legal requirements. A Certificate of Achievement is valid for a period of one (1) year only. We believe our current report continues to conform to the Certificate of Achievement Program requirements, and we are submitting it to GFOA to determine its eligibility for another certificate.

### Acknowledgments

Preparation of the Comprehensive Annual Financial Report could not have been accomplished without the professional and dedicated services of the entire staff of the Finance Department throughout the fiscal year. I sincerely appreciate the efforts of each member of the department who assisted in and contributed to the preparation of this CAFR. I also would like to thank the employees of various other County departments for their assistance in compiling this report.

In closing, the Finance Department would like to express its appreciation to the Administrator and County Council for their support and understanding of the benefits of professional and timely financial reporting.

Respectfully submitted,

Randolph C. Poston Manager of Accounting Operations

Larry M. Porth Finance Director

Katherine L. Doucett County Administrator

# **INDEPENDENT AUDITOR'S REPORT**

The Honorable Chairman and Members Of The County Council For County of Lexington, South Carolina

We have audited the accompanying financial statements of the governmental activities, the businesstype activities, each major fund, and the aggregate remaining fund information of County of Lexington, South Carolina (hereafter referred to as the County) as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the management of the County. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, the aggregate remaining fund information of the County as of June 30, 2006, and the respective changes in financial position and, where applicable, cash flows thereof and the respective budgetary comparison for the general fund and the major special revenue funds for the year then ended in conformity with accounting principles generally accepted in the United States of America.

James T. Brittingham, C.P.A. (1924-1995) • Kerry R. Brown, C.P.A. • Kenneth E. Prince, C.P.A. • James T. Brittingham, Jr., C.P.A. • William H. Hancock, C.P.A./P.F.S. • A. Scott Hendrix, M.B.A., C.P.A., C.V.A. • Jeffrey M. Lee, C.P./

Auditing • Tax • Estate & Trust Planning • Governmental • Business Consulting Business Valuation • Litigation Support • Investment Advisory

In accordance with *Government Auditing Standards*, we have also issued our report dated November 15, 2006 on our consideration of County's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The management's discussion and analysis is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America and the Governmental Accounting Standards Board. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The introductory section, combining and individual non-major fund financial statements, and statistical tables are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual non-major fund financial statements have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and procedures applied in the audit of the basic financial statements taken as a whole. The introductory section and statistical tables have not been subjected to the auditing procedures applied in the audit of the basic financial statements and optimized to the audit of the basic financial statements and procedures applied in the audit of the basic financial statements and procedures applied in the audit of the basic financial statements and procedures applied in the audit of the basic financial statements and procedures applied in the audit of the basic financial statements and procedures applied in the audit of the basic financial statements are procedures applied in the audit of the basic financial statements and accordingly, we express no opinion on them.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying schedule of expenditures of federal awards is presented for the purpose of additional analysis as required by U.S. Office of Management and Budget Circular A-133, Audits of *States, Local Governments, and Non-Profit Organizations,* and is also not a required part of the of the basic financial statement and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

Brittingham Brown Prince + Honcock

November 15, 2006

# **Management's Discussion and Analysis**

County of Lexington discussion and analysis offers readers of the County's financial statements a narrative overview and analysis of the County's financial activities for the fiscal year ended June 30, 2006. We encourage readers to consider the information presented here in conjunction with additional information that we have furnished in our letter of transmittal, in the financial statements and the notes to the financial statements.

# **Financial Highlights**

\* County of Lexington assets exceeded its liabilities at June 30, 2006 by \$179,693,623 (net assets). Of this amount, \$66,893,344 (unrestricted net assets) may be used to meet the County's ongoing obligations to citizens.

\* The County's total net assets increased \$19,920,435 with \$ 19,278,782 of the increase resulting from governmental activities and \$641,653 resulting from business-type activities.

\* At June 30, 2006, the County's governmental fund balance sheet reported a combined ending fund balance of \$70,415,017, an increase of \$8,466,801 over the previous fiscal year. Of this amount, \$67,266,310 remains in various funds of the County as unreserved.

\* The General Fund reported a fund balance of \$40,424,146, an increase from last fiscal year of \$5,102,923. This ending fund balance equates to 57.58% of General Fund expenditures and transfers out for the year.

\* The General Fund reported excess revenue of \$4,564,003 over budget, and a decrease in expenditures of \$8,314,408 of budgeted appropriations.

# **Overview of the Financial Statements**

This discussion and analysis is intended to serve as an introduction to the County of Lexington basic financial statements. The basic financial statements are comprised of three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

**Government-wide financial statements -** The government-wide financial statements are designed to provide readers with a broad overview of the County's finances, in a manner similar to a private-sector business.

The statement of net assets presents information on all of the County's assets and liabilities, with the difference between the two reported as net assets. Over time increases or decreases in net assets may serve as a useful indicator of whether the financial position of the County is improving or deteriorating.

The statement of activities presents information showing how the County's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will result in cash flow in future fiscal periods (uncollected taxes and earned but unused vacation leave).

Both of the government-wide financial statements distinguish functions of County of Lexington that are principally supported by taxes and intergovernmental revenues (governmental activities) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (business-type activities). The County's governmental activities include general administration, police, fire, and public works. The County's business-type activities includes a solid waste system and a airport. Financial information in the government-wide financial statements distinguishes discretely-presented internal service funds information for the primary government itself.

The government-wide financial statements can be found on Exhibits 1 and 2 of this report.

**Fund financial statements -** A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. County of Lexington, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of the funds of the County can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

**Governmental funds -** Governmental funds are used to account for essentially the same functions reported as governmental activities in the government-wide financial statements. However, unlike the government-wide financial statements, governmental fund financial statements focus on near-term inflows and outflows of expendable resources, as well as on balances of expendable resources available at the end of the fiscal year. Such information may be useful in evaluating a government's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the government-wide financial statements, it is useful to compare the information presented for governmental funds with similar information presented for governmental activities in the government-wide financial statements. By doing so, readers may better understand the long-term impact of the government's near-term financing decisions. Both the governmental funds balance sheet and the governmental funds statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between governmental funds and governmental activities.

County of Lexington maintains 134 individual governmental funds. Information is presented separately in the governmental funds balance sheet and in the governmental funds statement of revenues, expenditures, and changes in fund balances for the General Fund, Library Fund, and C Funds, each of which are considered to be major funds. Data from the other governmental funds are combined into a single, aggregated presentation. Individual fund data for each of these non-major governmental funds is provided in the form of combining statements elsewhere in this report.

County of Lexington adopts an annual appropriated budget for its governmental funds. Budgetary comparison statements have been provided for these funds to demonstrate compliance with the budget.

**Proprietary funds -** County of Lexington maintains one type of proprietary fund. Enterprise funds are used to report the same functions presented as business-type activities in the government-wide financial statements. The County uses enterprise funds to account for its solid waste system and the Lexington County Airport at Pelion. Internal service funds are an accounting device used to accumulate and allocate costs internally among the County's various functions. The County uses internal service funds to account for it's insurance fund, workers compensation fund, risk management fund, and motor pool fund. Because all of these services predominantly benefit governmental rather than business-type functions, they have been included within governmental activities in the government-wide financial statements.

Financial statements of proprietary funds provide the same type of information as the governmentwide financial statements, but in greater detail. The proprietary fund financial statements provide separate information for the County of Lexington Solid Waste System and the Lexington County Airport at Pelion, which are considered to be major funds of the County. Individual fund data for the internal service funds is provided in the form of combining statements elsewhere in this report.

The basic proprietary fund financial statements can be found on Exhibits 8, 9 and 10 of this report.

**Fiduciary funds** – Fiduciary funds are used to account for resources held for the benefit of parties outside the government. These funds are not reflected in the government-wide financial statement because the resources of those funds are not available to support the County's operation's. County of Lexington has a number of these funds, which are used to account for assets held by the County as agent of other governmental units. Property taxes and other revenue are collected, temporarily retained and distributed by the County Treasurer in accordance with Acts of the General Assembly of South Carolina. Each governmental unit for which an agency fund in maintained is administered by a governing body independent of the County Council.

The basic fiduciary fund financial statements can be found on Exhibit 11 of this report

**Notes to the financial statement -** The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

# **Government-wide Financial Analysis**

As noted earlier, net assets may serve over time as a useful indicator of a government's financial position. In the case of County of Lexington, assets exceeded liabilities by \$179,693,623 at the close of the most recent fiscal year. The County's increase in net assets for this fiscal year amounts to \$19,920,435.

The largest portion of the County's net assets, 53.0% which reflects its investment in capital assets (land, buildings, infrastructure, machinery and equipment), less any related debt used to acquire those assets that is still outstanding. The County uses these capital assets to provide services to citizens: consequently, these assets are not available for future spending. Although the County's investment in capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

# **County of Lexington Net Assets**

An additional portion of the County's net assets (10.0%) represents resources that are subject to external restrictions on how they may be used. The remaining balance of unrestricted net assets (\$ 66,893,344) may be used to meet the government's ongoing obligations to citizens, creditors, and customers within the respective governmental and business-type activities.

At the end of the current fiscal year, County of Lexington is able to report positive balances in all three categories of net assets as a whole and individually within the governmental and business-type activities.

The changes in net assets displayed below shows the governmental and business-type activities during the fiscal year. The increase in net assets resulted primarily from additional capital assets added, an additional tax increase (due to indexing) and other revenues received and remaining unspent at year-end.

# **Financial Analysis of County of Lexington Funds**

As noted earlier, County of Lexington uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds - The focus of the County's governmental funds is to provide information on near-term inflows, outflows, and balances of expendable resources. Such information is useful in assessing the County's financing requirements. In particular, unreserved fund balance may serve as a useful measure of a government's net resources available for spending at the end of the fiscal year.

As of June 30, 2006, County of Lexington governmental funds reported combined fund balances of \$70,415,017, an increase of \$8,466,801 over the prior year balances. Nearly 95.5% of the total amount \$67,266,310 constitutes unreserved fund balance, which is available for spending at the County's discretion. The remainder of fund balance is reserved, to indicate that it is not available for new spending because it has already been committed to restricted purposes, primarily debt service.

The General Fund is the primary operating fund of the County. At June 30, 2006, total fund balance in the general fund was \$40,424,146, of which \$39,374,146 was unreserved. As a measure of the general fund's liquidity, a comparison of both total and unreserved fund balances to total fund expenditures and transfers out shows percentages of 57.6% and 56.1% respectively. The fund balance of the general fund increased by \$5,102,923 during the current fiscal year. This increase is a result of increases in taxes, State share revenue, and investments and reductions in expenditures.

The Library special revenue fund has a total fund balance of \$2,249,253, which reflects a increase of \$501,054 over the prior year. This increase is a result of growth in revenues do to taxes and reductions in expenditures in operating costs with staff, utilities and capital purchases.

The C fund special revenue funds has a total fund balance of \$5,712,768, which reflects an increase of \$162,416 over the prior year. The increase is due to a reduction in infrastructure projects and road maintenance expenditures.

**Proprietary funds -** The County's proprietary funds provide the same type of information found in the government-wide financial statements, but with greater detail. At June 30, 2006, total net assets of the Solid Waste System amounted to \$6,737,440 as compared to \$6,098,459 at June 30, 2005. Net changes are the result of reduction in operating cost. Total net assets for the Lexington County Airport at Pelion amounted to \$257,890 as compared to \$255,218 at June 30, 2005. Net changes are the results of rental charges and operating transfer for start-up cost.

# **General Fund Budgetary Highlights**

A budget to actual statement is provided for the General Fund, Library Fund, and C Funds that are major funds. Columns for both the original budget adopted for fiscal year 2006 as well as the final budget are presented. Differences between the original budget and the final amended budget were relatively minor.

\* Amendments and supplemental appropriations approved shortly after the beginning of the 2005-2006 budget year.

Even with these adjustments, actual general fund expenditures were \$8,314,408 below final budget amounts. Revenues came in \$4,564,003 higher than estimated. This is due to an increase in property taxes, fees, permits, sales, county fines and there were increases in investments earnings.

# **Capital Assets and Debt Administration**

**Capital assets -** County of Lexington investments in capital assets for its governmental and business type activities as of June 30, 2006 amount to \$134,001,496 (net accumulated depreciation). The investments in capital assets include land, buildings, improvements, machinery and equipment, books, and infrastructure. The roads added during the current fiscal year are also included. Major capital asset events in the fiscal year included the following:

\* Construction on the auxiliary administration building renovations project cost \$646,192 during the fiscal year.

\* Construction on the EMS headquarters project cost \$542,103 during the fiscal year.

\* Construction on six fire stations were completed at a cost of \$566,502 during the fiscal year.

\* Construction on ten fire stations are in process at a project cost of \$3,261,206.

\* Construction on a Law Enforcement Service Center at the Lexington County Airport at Pelion cost \$633,127 during the fiscal year.

\* Road widening and paving projects were continued at a project cost of \$10,125,330 during the fiscal year.

Additional information on the County's capital assets can be found in note 7 on pages 91 and 92.

**Long-term debt -** At the end of the current fiscal year, County of Lexington had total bonded debt outstanding of \$39,738,413. The full amount of outstanding debt is backed full faith and credit by the county.

The state limits the amount of general obligation debt the county can issue to 8 percent of the assessed value of all taxable property within the County's legal debt limit. Our outstanding debt is significantly below this limit - which is currently \$67,288,034 as reflected in Table 7 of the statistical section of this report.

The County's total debt decreased by \$3,047,266 over-all during current fiscal year.

The County currently has ratings of AA- from Moody's Investors Service and Aa2 from Standard & Poor's Corporation on general obligation bond issues. As of June 30, 2006, the County's general obligation debt approximated \$166.18 per capita.

Additional information on the long-term debt can be found in note 9 on pages 94 - 96.

# **Economic Factors and Next Year's Budgets and Rates**

\* Unemployment rate for County of Lexington is currently 4.83%, which is an increase from a rate of 4.51% a year ago. This compares favorable with the state's rate of 6.66% and the national rate of 4.85%.

\* Inflationary trends in the region compare favorably to national indices.

These indices were taken into account when adopting the general budget for 2007. Amounts available for appropriation in the general fund budget are nearly 76,695,523, a increase of 8% over the final 2006 budget of 70,738,167. Property taxes (benefiting from increases in assessed valuations) are expected to lead to increases. The County will use these increases to finance programs we currently offer and the expected impact of inflation on program costs.

Budgeted expenditures are expected to rise over the actual 2006 expenditures. The largest increments are increased wages and rising health insurance costs.

As for the County's business-type activities, rates for Solid Waste System and the Lexington County Airport at Pelion will stay the same.

# **Requests for Information**

This financial report is designed to provide our citizens, taxpayers, and creditors with a general overview of the County's finances and to demonstrate the County's accountability for the money it receives. If you have questions about this report or need additional financial information, contact Randolph C. Poston, County of Lexington Manager of Accounting Operations, 212 South Lake Drive, Lexington, South Carolina 29072.

### COUNTY OF LEXINGTON, SOUTH CAROLINA RECONCILATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES FOR THE FISCAL YEAR ENDED JUNE 30, 2006

| change in fund balances - total government funds  |  | \$<br>8,466,801  |
|---|--|------------------|
| Amount reported for governmental activities in the statement of activities are different because:   |  |                  |
| Sale or disposal of fixed assets<br>Operating expenses<br>Capital outlay<br>Depreciation expenses   | \$<br>(1,394,103)<br>9,251,784<br>6,561,273<br>(8,205,677) | 6,213,277        |
| Because some property taxes will not be collected for several months after the County's fiscal year ends, they are not considered as "available" revenues in the governmental funds.  |  |                  |
| Property taxes  |  | (69,916)         |
| Internal service funds are used by management to charge the costs of certain<br>activities, such as insurance, workers compensation, risk management, and<br>motor pool to individual funds. The net revenue (expense) of the internal<br>service funds is reported with governmental activities. |  | 1,707,985        |
| Repayment of long-term debt is reported as an expenditure in governmental<br>funds. But the repayment reduces long-term liabilities in the statement<br>of net assets. In the current year, these amounts consisted of:   |  |                  |
| Bond principal retirement   |  | 3,040,595        |
| Some expense reported in the statement of activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.  |  |                  |
| Compensated absences  |  | (79,960)         |
| Change in net assets of government activities   |  | \$<br>19,278,782 |

### County of Lexington, South Carolina Notes to the Financial Statements June 30, 2006

### **Note 1 - Summary of Significant Accounting Policies**

The financial statements of Lexington County, South Carolina have been prepared in conformity with generally accepted accounting principles (GAAP) as applied to government units. The Government Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The County also applies Financial Accounting Standards Board (FASB) statements and interpretations issued on or after November 30, 1989, to its governmental and business-type activities and to its enterprise funds provided they do not conflict with or contradict GASB pronouncements. The more significant of the County's accounting policies are described below.

### **A. Reporting Entity**

As required by generally accepted accounting principles, these financial statements present County of Lexington (the primary government) and its potential component units. The primary government includes all funds, entities for which the County is considered to be financially accountable. Blended component units, although legally separate entities, are, in substance, part of the government's operations and so data from these units are combined with data of the primary government. Each discretely presented component unit, on the other hand, is reported in a separate column in the combined financial statements to emphasize it is legally separate from the government.

### **Excluded from the reporting entity:**

### Lexington County Recreation District and Irmo/Chapin Recreation District

Both recreation districts provide services and recreational facilities for the County citizens within special service districts chartered by the South Carolina legislature. The County Legislative Delegation appoints the members of the two boards who govern their respective district activities. The boards approve contracts, designate management, hold title to all assets, select their own independent auditors, and determine the use of the facilities. Although the County Council reviews the annual budgets for each recreation district, they have no responsibility for any funding deficits nor do they control the disposition of surplus funds. The County has no involvement in the fiscal management of either commission. The County Council does approve the property tax levy for their general operating budgets and/or bonded debt, however state statute establishes a minimum tax levy. Also, a material amount of operating revenues are in the form of user fees and state and federal grants.

### **Lexington Medical Center**

The Lexington Medical Center is a hospital complex established on land titled to Lexington County. The Hospital provides medical services to the County's residents as well as persons outside the geographic boundaries of the County. A twenty-one member Health Services Board designates management of the Hospital; twenty members of this board are appointed by the Lexington County council. The board independently reviews, approves, and revises the Hospital's budget and the board has the sole responsibility for financing deficits and operating deficiencies, and for disposition of surplus funds. The board designates management, selects its own auditors, and exercises control over use of facilities and determination of services provided. The Hospital's operations are financed through user fees and state and federal funds. The County has no control or involvement in the Hospital's fiscal management. The land is a part of the reporting entity.

### **Richland/Lexington Riverbanks Park, Columbia Metropolitan Airport, Midlands Technical College and Lexington School Districts One, Two, Three, Four, and Five**

These potential component units have separate elected or appointed boards and provide services for the County citizens as well as the general public. These potential component units are excluded from the County's reporting entity because the County does not have the ability to exercise influence over their daily operations, approve budgets, or designate management. Conversely, these boards are responsible for funding deficits, have control over the use of surplus funds, determine user fees, hold title to all assets, select their own independent auditors, sign contracts as the contracting authority, and exercise control over use of facilities and determination of services provided. The County Treasurer collects taxes for these units as represented in the County's agency funds, although a substantial portion of their revenue is federal and state funds and user fees.

### **B.** Basis of Presentation, Basis of Accounting Measurement Focus, Basis of Accounting and Basis of Presentation

### **Governmental-wide financial statements**

The statement of net assets and the statement of activities display information about the County as a whole. These statements include the financial activities of the primary government, except for fiduciary funds. For the most part, the effect of interfund activity has been removed from the statements distinguish between those activities of the county that are governmental and those that are considered business-type activities.

This government-wide focus is more on the sustainability of the County as an entity and the change in aggregate financial position resulting from the activities of the fiscal year.

The fund financial statements are, in substance, very similar to the financial statements presented in the previous financial reporting model. Emphasis here is on the major funds in either the governmental or business-type categories. Non-major funds are summarized into a single column. The County reports the following major governmental funds: General Fund, Library Fund, "C" Funds, Solid Waste Funds and the Lexington County Airport at Pelion.

Internal service funds of a government are presented, in summary form, as part of the proprietary fund financial statements. Since the principal users of the internal services are the County's governmental activities, financial statements of internal service funds are consolidated into the governmental column when presented at the governmental-wide level. The cost of these services are allocated to the appropriate functional activity. When appropriate, surplus or deficits in the internal service funds are allocated back to the various users within the entity-wide Statement of Activities.

The County's fiduciary funds are presented in the fund financial statement by type. Since, by definition, these assets are being held for the benefit of third parties and cannot be used to address activities or obligations of the government, these funds are not incorporated into the governmental-wide statements.

The focus of the entity-wide financial statements under new reporting model is to present the County as a whole. The focus of the Fund Financial Statements is on the major individual funds of the governmental and business-type categories, as well as the fiduciary funds.

### **Fund Financial Statements**

Fund financial statements are designed to present financial information of the County at this more detailed level. The focus of governmental and enterprise fund financial statements is on major funds. Each major fund is presented in a separate column. Non-major funds are aggregated and presented in a single column. Internal service funds are combined and the totals are presented in a single column on the face of the proprietary fund statements. Fiduciary funds are reported by type.

### **Fund Accounting**

The County uses funds to maintain its financial records during the year. A fund is defined as a fiscal and accounting entity with self balancing set of accounts. There are three categories of funds: governmental, proprietary and fiduciary.

### **Governmental Funds**

Governmental funds are used to account for the government's general government activities. Governmental fund types use the flow of current financial resources measurement focus and the modified accrual basis of accounting.

Under the modified accrued basis of accounting revenues are recognized when susceptible to accrual (i.e., when they are "measurable and available"). "Measurable" means the amount of the transaction can be determined and "available" means collectible within the current period or soon enough thereafter to pay liabilities of the current period. The government considers all revenues available if they are collected within 60 days after year end. Expenditures are recorded when the related fund liability is incurred, except for unmatured interest on long-term debt which is recognized when due, and certain compensated absences and claims and judgments which are recognized when obligations are expected to be liquidated with expendable available financial resources.

Property taxes, franchise taxes, licenses, interest and special assessments are susceptible to accrual. Sales taxes collected and held by the state at year end on behalf of the government are also recognized as revenue. Other receipts and taxes become measurable and available when cash is received by the government and are recognized as revenue at that time. Entitlement and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

The following are the County's major governmental funds:

The *general fund* is the government's primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

The special revenue fund:

*Library Fund* account for revenue sources that are legally restricted to expenditure for specific purpose.

*C Funds* accounts for monies received from state gasoline tax and other sources designated for paving, maintenance and repairs of roads.

The following are the County's non-major governmental funds:

The *special revenue funds (all others)* account for revenue sources that are legally restricted to expenditure for specific purpose or project.

The *debt service fund* accounts for the servicing of general long-term debt not being financed by proprietary or nonexpendable trust funds.

The *capital projects funds* account for the acquisition of fixed assets or construction of major capital projects not being financed by proprietary or nonexpendable trust funds.

### **Proprietary Funds**

Proprietary funds reporting focuses on the determination of operating income, changes in net assets, financial position and cash flows. They are accounted for on the flow of economic resources measurement focus and use the accrual basis of accounting. Under this method, revenues are recorded when earned and expenses are recorded at the time liabilities are incurred. The government applies all applicable FASB pronouncements issued after November 30, 1989, in accounting and reporting for its proprietary operations. Proprietary funds include the following fund types:

*Enterprise funds* are used to account for those operations that are financed and operated in a manner similar to private business or where the board has decided that the determination of revenues earned, costs incurred and/or net income is necessary for management accountability. The County maintains one Enterprise Fund which provide solid waste service.

*Internal service funds* account for operations that provide services to other departments or agencies of the government, or to other governments, on a cost-reimbursement basis. The County's internal service funds report on self-insurance programs, worker's compensation, risk management, and motor pool services.

### **Fiduciary funds**

GAAP states that fiduciary funds should be used "to report assets held in a trustee or agency capacity for others and which therefore cannot be used to support the government's own programs. Fiduciary funds include pension and other employee benefit trust funds, investment trust funds, private-purpose trust funds and agency funds. The key distinction between trust funds and agency funds is that trust funds normally are subject to a "trust agreement that affects the degree of management involvement and the length of time that the resources are held." Agency funds are used to account for situations where the government's role is simply custodial, such as the receipts, temporary investment, and remittance of fiduciary resources to individuals, private organizations or other governments. The County uses agency funds to account for taxes collected on behalf of other governmental units. It is common practice for separately levied taxes to be billed and collected by a single government when multiple local governments have the power to levy taxes on the same property. Property taxes are collected, temporarily retained and distributed by the County Treasurer in accordance with Acts of the General Assembly of South Carolina. Each governmental unit for which an agency fund is maintained is administered by a governing body independent of the County Council. The County's only fiduciary funds are agency funds for taxing units and escrow fund for respective programs. Fiduciary funds are omitted from the County's government-wide financial statements.

### Measurement Focus Government-wide Financial Statements

The government-wide financial statements are prepared using the economic resources measurement focus. All assets and liabilities associated with the operation of the County are included on the Statement of Net Assets.

### **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources and uses of current financial resources. This approach differs from the manner in which the governmental activities of the government-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the governmental-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net assets. The statement of changes in fund net assets presents increases and decreases in net assets. The statement of cash flows provides information about how the County finances and meets the cash flow needs of its proprietary activities.

### **Basis of Accounting**

Basis of accounting determines when transactions are reported in the financial records on the financial statements. Government-wide financial statements are prepared using the accrual basis accounting. Governmental funds use the modified accrual basis of accounting. Proprietary and fiduciary funds also use the accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

### **Revenues - Exchange and Non-Exchange Transactions**

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

Non-exchange transactions, in which the County receives value without directly giving equal value in return, include property taxes, grants, entitlement and donations. On an accrual basis, revenue from property taxes are recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlement and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements in which the County must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the County on a reimbursement basis. On a modified accrual basis, revenue from non-exchange transactions must also be available before it can be recognized.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: delinquent taxes, grants, interest, fees and charges for services.

### **Deferred Revenue**

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. Grants received before eligibility requirement are met are recorded as deferred revenue. In governmental fund financial statements, receivables that will not be collected within the available period are reported as deferred revenue.

On governmental fund financial statements, property taxes, other receivables that will not be collected within the available period have been reported as deferred revenue.

### **Expenses/Expenditures**

On the accrual basis of accounting, expenses are recognized at the they are incurred.

The measurement focus of governmental fund accounting is on decreases net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation are not recognized in the governmental funds.

### C. Cash and Investments (see note 3)

The county's cash and cash equivalents are considered to be cash on hand, demand deposits and short-term investments with original maturities of three months or less from the date of acquisition. All short-term cash surpluses are maintained in a cash and investment pool and allocated to each fund based on month-end deposit and investment balances.

South Carolina statutes authorize Lexington County to invest in obligations of the U.S. Government and agencies thereof, general obligations of the State of South Carolina or any of its political subdivisions, banks and savings and loan associations to the extent they are secured by the Federal Deposit Insurance Corporation. The County can also hold cash in certificates of deposit where the certificates are collaterally secured by the preceding securities held in a third party arrangement.

Investments are stated at amortized cost or fair value. It is the policy of the County to hold investments to maturity. The following investments are reported at fair value: Participating interest-earning investments contracts that have a remaining maturity at time of acquisition of more than one year; and debt securities. The investments in the 2a-7-like external investment pool is determined by the pool's share price which is the same as the value of the pool. Money market investments and participating interest-earning investment contract that have a remaining maturity at time of purchase of one year or less are reported at amortized cost.

The County invests through the SC Local Government Investment Pool, which was established by the State Treasurer pursuant to South Carolina law. The pool is a 2a-7-like pool that is not registered with the Securities and Exchange Commission as an investment company. The pool has a formal policy that it will operate in a manner consistent with the SEC's Rule 2a-7 of Investment Company Act of 1940. The pool is included as an investment trust fund in the State of South Carolina Comprehensive Annual Financial Report and is subject to the audit procedures of the State Auditor.

### **D.** Inventories and prepaid items

All inventories are valued at cost using the first-in/first-out (FIFO) method. Inventories of governmental funds are recorded as expenditures when consumed rather than when purchased. Certain payments to venders reflect costs applicable to future accounting periods and are recorded as prepaid items in both government-wide and fund financial statements.

### **E. Restricted Assets**

Certain proceeds of enterprise fund revenue bonds, as well as certain resources set aside for their repayment, are classified as restricted assets on the balance sheet, because their use is limited by applicable bond covenants. The "revenue bond construction" account is used to report those proceeds of revenue bond issuances that are restricted for use in construction. The "revenue bond current debt service" account is used to segregate resources accumulated for debt service payments over the next twelve months. The "revenue bond future debt service" account is used to report resources set aside to make up potential future deficiencies in the revenue bond current debt service account. The "revenue bond renewal and replacement" account is used to report resources set aside to meet unexpected contingencies or to fund asset renewals and replacements.

### F. Capital Assets

Capital assets, which include land, buildings, equipment and infrastructure assets, are reported in the governmental-wide statements and applicable proprietary fund financial statements. Capital assets that are used for governmental activities are only capitalized in the governmentalwide statements and fully expended in the government funds. The County established capitalization thresholds for capital assets of \$500. Capital assets are stated at cost or, if donated, at estimated fair market value at the time of donation. In some instances, capital asset historical costs were not available; therefore, the costs of these assets at the dates of acquisitions have been estimated. Expenditures materially extending the life of capital assets are capitalized. Capital assets are depreciated over their useful life, using the straight-line depreciation method.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related capital assets, as applicable.

Public domain ("infrastructure") capital assets consisting of roads, bridges, curbs and gutters, streets and sidewalks, drainage systems, sewer systems, and lighting systems are capitalized.

Depreciation of buildings, equipment and vehicles in the proprietary fund types is computed using the straight-line method. A summary of the estimated useful lives is as follows:

| Buildings               | 20 to 50 years |
|-------------------------|----------------|
| Vehicles                | 4 to 5 years   |
| Furniture and Equipment | 7 to 15 years  |
| Machinery and Equipment | 3 to 20 years  |
| Infrastructure          | 10 to 50 years |

### **G.** Compensated Absences

County employees earn annual leave, based upon years of service, at the rates of 10, 15, or 20 days per year with the maximum accumulation being 45 days. Further, under no circumstances will employees be paid in excess of their maximum authorized accumulation in the case of termination.

Vested or accumulated vacation leave is not accrued in governmental funds as Lexington County intends to fund such costs from future operations, i.e. from assets not representing expendable available resources at year end. Based on a last-in, first-out (LIFO) flow assumption for the use of compensated absences, amounts of vested or accumulated vacation leave are reported in the government-wide statement. Vested or accumulated vacation leave of proprietary funds is recorded as an expense and liability of those funds as the benefits are accrued. In accordance with the provisions of Statement of Financial Accounting Standards No. 43, Accounting for Compensated Absences, no liability is recorded for non-vesting accumulation rights to receive sick pay benefits.

### H. Long-term Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities, business-type activities, or proprietary fund type statement of net assets. Bond premiums and discounts, as well as issuance cost, are deferred and amortized over the life of the bonds using the effective interest method. Bonds payable are reported net of the applicable bond premium or discount. Bond issuance costs are reported as deferred charges and amortized over the term of the related debt.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance cost, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

### I. Short-term Interfund Receivables/Payables

Governmental funds during the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet. Short-term interfund loans are classified as "interfund receivables or payables". Within the government-wide financial statement internal balances are eliminated along with the interfund receivables and payables between funds.

### J. Fund Equity

The equity section of the governmental fund balance sheet is comprised of three major fund balance elements: reserved; unreserved, designated; and unreserved, undesignated. Reserves represent the portion of fund balance that is (1) not available for appropriation or expenditure and/or, (2) is segregated legally for a specific future use. To indicate tentative future plans for current resources, the fund balance portion is shown as unreserved, designated. All other current resources are shown as unreserved, undesignated on the balance sheet.

### **K. Interfund Transactions**

Interfund services provided are accounted for as revenues, expenditures or expenses. Transactions that constitute reimbursement to a fund for expenditures/expenses initially made from it, which are properly applicable to another fund, are recorded as expenditures/expenses in the reimbursing fund and as reductions of expenditures/expenses in the fund that is reimbursed.

All other interfund transactions, except quasi-external transactions and reimbursements, are reported as transfers.

### L. Comparative Data

Comparative total data for the prior year have been presented in the accompanying financial statements in order to provide an understanding in the County's financial position and operations. However, comparative data have not been presented in all statements because their inclusion would make certain statements unduly complex and difficult to understand. Certain 2005 amounts have been reclassified to conform to the 2006 presentations.

### M. Budgets

Budgets, which are adopted on a basis consistent with generally accepted accounting principles, are annually appropriated for the general fund. The County has various special revenue funds. The ones budgeted are shown below.

Economic Development Accommodations Tax Tourism Development Fee Temporary Alcohol Beverage Licenses Indigent Care Program Library

Victim Witness Program Solicitor's State Fund Pretrial Intervention Sol. Community Juvenile Arbitration Law Enforcement Title IV-D Inmate Service L/E School District Resource Officers Clerk of Court Title IV-D Grants Administration Emergency Telephone System E-911 Victim's Bill of Rights SCHD "C" Funds Delinquent Tax Collection

Mini-bottle Tax Urban Entitlement Comm. Devel. Drug Court Forfeiture Funds (Narcotics) Worthless Check Personnel / Employee Committee

The Council has granted the County Administrator the authority to approve budgetary line item transfers as needed throughout the year without regard to amount. Any supplemental appropriations necessary throughout the year must be authorized by Council. All annual appropriations lapse at fiscal year end. Project length financial plans are adopted for all capital projects funds.

The Council has granted the County Administrator the authority to approve budgetary line item transfers as needed throughout the year without regard to amount. Any supplemental appropriations necessary throughout the year must be authorized by Council. All annual appropriations lapse at fiscal year end. Project length financial plans are adopted for all capital projects funds. Encumbrances represent commitments related to unperformed contracts for goods or services. Encumbrance accounting - under which purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve that portion of the applicable appropriation - is utilized in the governmental funds. Encumbrances outstanding at year end are canceled; therefore these commitments must be re-appropriated in the subsequent year.

### Note 2 - Legal Compliance

### Budgets

All agencies of the County of Lexington submit requests for appropriation to the County's administration so that a proposed budget may be formulated. The budget is prepared by fund, function and activity, and includes information on the past year, current year estimates and requested appropriations for the next fiscal year.

Before June 30, the proposed budget is presented to County Council for review. Council holds three readings and a public hearing and may change or delete any budget recommendation before they give final approval to the legal budget ordinance.

Budget amounts reflected in the accompanying financial statements represent the adopted budget and any revisions approved by council during the fiscal year. Within the operating departments, line-item budget transfers may be approved by the County Administrator. During the year, supplementary appropriations may be necessary since expenditures may not legally exceed the budgeted appropriation at the departmental level. These supplemental appropriations must be authorized by County Council.

### **B.** Excess of Expenditures Over Appropriations in Individual Departments

Expenditures exceeded appropriations for the following departments for the fiscal year as follows:

| General Fund:                |              |
|------------------------------|--------------|
| Microfilming                 | \$<br>292    |
| Public Safety/Administration | \$<br>4,275  |
| Social Services              | \$<br>22,585 |
| Special Revenue Fund:        |              |
| Accommodations Tax           | \$<br>5,718  |
| Tourism Development Fee      | \$<br>66,328 |
| Indigent Care Program        | \$<br>24     |
|                              |              |

The above expenditures were properly authorized, but were recognized too late within the fiscal year to revise the budget ordinance.

### Notes to the Financial Statements

#### Note 3 - Deposits and Investments

As of June 30, 2006, the County of Lexington had the following investments:

| Investment Type                  | <br>Fair Value   | Weighted Average<br>Maturity (Years) |
|----------------------------------|------------------|--------------------------------------|
| State Treasuer's investment pool | \$<br>96,942,068 | 0.25                                 |
| FHLB                             | 7,162,889        | 0.87                                 |
| Freddie Mac                      | 740,988          | 1.66                                 |
| Fannie Mac                       | <br>987,985      | 1.40                                 |
| Total Fair Value                 | <br>105,833,930  |                                      |
| Portfolio Weighted Average       |                  | 0.31                                 |

*Interest rate risk.* In accordance with its investment policy, the County manages its exposure to declines in fair value by limiting the weighted average maturity of its investment portfolio to short periods of time.

*Credit risk*. State Statute (SC Code Section 12-45-220) outlines acceptable investment vehicles and limits the level of risk that may be accepted by a governmental entity. Lexington County's internal investment policy as documented by the County Treasurer's office is more restrictive than the prescribed state statute. Investments are limited to investments in the State Treasurer's investment pool, and / or investments in the debt securities of Government Sponsored Enterprises (GSE); also known as agency securities. The State Treasurer's investment pool are collateralized by debt securities in corporate obligations, state or political subdivision obligations of investment grade or higher quality and in federal agency securities. Investments in the debt securities of GSE's, while authorized by congress are not obligations of the US government, and therefore, are not guaranteed by the US Government.. These securities are issued by privately owned companies and carry AAA ratings.

*Concentration of Credit Risk.* The concentration of credit risk is limited as regards investment in the State Treasurer's investment pool via allocation of investments over a broad range of securities. Similarly, investments in GSE debt securities are allocated across multiple federal agencies including: the Federal Home Loan Mortgage Corporation (Freddie Mac); the Federal National Mortgage Corporation (Fannie Mae); the Federal Home Loan Bank (FHLB); and the Federal Farm Credit Bank System (FFCB).

*Custodial credit risk-deposits*. In the case of deposits, this is the risk that in the event of a bank failure, the County's deposits may not be returned to it. It is the policy of the County to obtain adequate collateralization on all deposits that exceed FDIC insurance coverage. As of June 30, 2006, the county had cash-on hand of \$5,525; and cash deposits in demand, savings, money market and certificate of deposit accounts equal to \$78,865,018. Of the deposit amounts, \$100,000 is covered by FDIC insurance, and the balance of \$78,765,018 is collateralized by federal agency securities held by a third party agent in the County's name.

*Custodial credit risk-investments*. For an investment, this is the risk that, in the event of the failure of the counter party, the government will not be able to recover the value of its investments or collateral securities that are in possession of an outside party. As of June 30, 2006, all investments in agency securities, as noted above, are book entry and held by third parties in the County's name. All investments in the State Treasurer's investment pool are collateralized by underlying securities held by third party financial institutions for the investment pool.

### Note 4 - Property Taxation and Assessment

Effective November 30, 1977, Article X, Section 1 of the Constitution requires equal and uniform assessments of property throughout the State for the following classes of property and at the following ratios:

(1) Real and personal property owned by or leased to manufacturers, utilities and mining operations and used in the conduct of such business - 10.5% of fair market value;

(2) Real and personal property owned by or leased to companies primarily engaged in transportation for hire of persons or property and used in the conduct of such business - 9.5% of fair market value;

(3) Legal residence and not more than five contiguous acres - 4% of fair market value (if the property owner makes proper application and qualifies);

(4) Agricultural real property used for such purposes owned by individuals and certain corporations - 4% of use value (if the property owner makes proper application and qualifies);

(5) Agricultural property and timberlands belonging to corporations having more than 10 share-holders - 6% of use value (if property owner makes proper application and qualifies);

(6) All other real property - 6% of fair market value;

(7) All other personal property - 10.5% of fair market value.

Prior to the ratification of present Article X of the Constitution, the General Assembly of the State of South Carolina, during its 1975 session, enacted Act 208 which requires all counties within the State to initiate an equalization program during calendar year 1975 to insure that all taxable properties are assessed on a uniform basis and to insure that all taxable properties are appraised at current market values. The property classification and assessment ratios provided by Act 208 are similar to those contained in Article X. Prior to the enactment of Act 208, there was little or no uniformity in the assessment of property in South Carolina and the appraised value of taxable properties in many counties had become outdated.

### Notes to the Financial Statements

The County is required to reassess all property in 5 year cycles, beginning with the 2000 reassessment project with subsequent programs following in 2005, 2010, etc. Following a complete reassessment, subsequent additions to the property tax roll must be appraised based on the market value at the time of the last reassessment. The most recent reassessment of all taxable property in the County was completed as of December 31, 2000. These values will be used until the 2005 reassessment is finished.

Act 208 provides that upon completion of the reassessment program, the increase in total ad valorem taxes for any county or any other political subdivision of the State shall not exceed 1% of the prior year total ad valorem tax of such county or political subdivision if such increase is caused by the reassessment program. The Act provides further, however, that the counties and other political subdivisions of the State are not prohibited from increasing ad valorem taxes as a result of assessments for property or improvements not previously taxed, for new construction, nor are they prohibited from increasing the millage on all taxable property for the purpose of providing increased or new services or for providing debt service on future or then outstanding bonded indebtedness.

The County Assessor maintains appraisals and assessments of real property and mobile homes located within the County and certifies the results to the County Auditor. The County Auditor appraises and assesses all motor vehicles, marine equipment, business personal property, and airplanes. The South Carolina Department of Revenue furnishes guides for use by the County in the assessment of automobiles, automotive equipment, and certain other classes of property and directly assesses the real and personal property of public utilities, manufacturers, and business equipment.

Property taxes are levied on real and personal properties owned on the preceding December 31 of each County fiscal year ended June 30. Liens attach to the property at the time the taxes are levied. These taxes are due without penalty through January 15. Penalties are added to taxes depending on the date paid as follows:

January 16 through February 1 - 3% of tax February 2 through March 16 - 10% of tax March 17 and thereafter - 15% of tax plus collection cost

Current year real and personal taxes go into execution on March 17. The levy date for motor vehicle taxes is the first day of the month in which the motor vehicle license expires. These taxes are due by the last day of the same month. Property tax revenues are recognized when due or past due and collectible within the current period or soon enough thereafter (defined as sixty days) to pay liabilities of the current period. An allowance is provided for an estimated amount of taxes billed which may ultimately prove to be un-collectible. Deferred revenue (property taxes) for governmental funds represents that portion of delinquent property taxes which is deemed not available to pay current expenditures.

Agency funds, however, are purely custodial in nature (i.e., assets equal liabilities) and thus do not focus on the measurement of operations. Therefore, since agency funds have no operations per se, no deferred revenues are reported.

Property taxes receivable for the County of Lexington and the related allowance for uncollectible accounts at June 30, 2006 were as follows:

|                                    | General<br>Fund | Librar<br>Specia<br>Revenu<br>Fund | l<br>ie | Special<br>Revenue<br>Fund | <br>Debt<br>Service<br>Fund | (  | Governmental<br>Activities<br>Sub<br>Total | _  | Business<br>Type<br>Activities | -  | Total     |
|------------------------------------|-----------------|------------------------------------|---------|----------------------------|-----------------------------|----|--|----|--------------------------------|----|-----------|
| Total property taxes<br>receivable | \$ 3,237,608    | \$ 314,51                          | 9 \$    | 372,631                    | \$<br>340,882               | \$ | 4,265,640                                  | \$ | 390,964                        | \$ | 4,656,604 |

In addition to the information above, Agencies total net property taxes of \$10,744,110 are stated on Exhibit 11. Total of all property taxes are \$14,331,793 for County of Lexington.

The County's property tax recognition criteria defines the "due date" as the day before any penalties arise from the non-payment of property taxes.

### Note 5 - Notes Receivable

The County of Lexington loaned \$1,500,000 to the Lexington County Joint Municipal Water and Sewer Commission in order to assist in the funding of a sewer transportation line from Swansea to the City of Cayce's wastewater treatment plant. The terms of payment are no payment on the loan for a period of five years after the original advance. Thereafter the amount of the loan shall be repaid in ten equal installments of \$150,000 each due on the semiannual and annual anniversaries of the date of the loan. The outstanding balance on the note is \$1,050,000 as of June 30, 2006.

### Note 6 - Interfund Receivables and Payable

Individual fund interfund assets/liabilities balances as of June 30, 2006, related to the primary government were as follows:

| <b>Receivable Fund</b>       | Payable Fund A                               | mount   |
|------------------------------|--|---------|

| Cancellation between funds of inter | fund receivables/payables amounts         | ( 741,092)    |
| Primary Governmental Activities     |   | <u>\$ -0-</u> |

The balances between the General Fund and the other nonmajor funds cancel out. Interfund goods and services are provided or reimbursable expenses occur, transactions are recorded and payments between funds are made.

The balance between the General Fund and the Solid Waste results from the time lag between the dates.

### Note 7 - Capital Assets

A summary of changes in capital assets, including internal fund capital assets, excluding assets reflected in the proprietary funds, follows:

|  | July 1, 2005<br>Balance | Adjustments | Additions     | Deletions    | June 30, 2006<br>Balance |
|--|-------------------------|-------------|---------------|--------------|--------------------------|

Construction in progress is composed of the following at June 30, 2006:

### Note 8 - Risk Management

The government is exposed to various risks of loss related to torts; theft of, damage to and destruction of assets; errors and omissions; and natural disasters for which the government carries commercial insurance. Paid claims resulting from these risks have not exceeded the County's insurance coverage in any of the past three years.

The County of Lexington maintains an employee health insurance plan for all full-time employees. Premiums are paid into the Employee Insurance Internal Service Fund, and are available to pay claims, excess loss co-insurance premiums, and administrative costs. During fiscal year 2006 total expenses were \$8,903,024. An excess coverage insurance policy (stop-loss insurance) covers individual claims in excess of \$75,000. Interfund premiums are based primarily upon the claims experience of the Employee Insurance Internal Service Fund and are reported as quasi-external interfund transactions. Liabilities include an amount for claims incurred but not reported (IBNRs). The accrual of claim liability incurred but not paid at year end is based on a 60-day analysis of claims subsequent to June 30, 2006. Changes in the balances of claims liabilities during the past year are as follows:

|   | FY 2005-06        | FY 2004-05        | FY 2003-04        |
|---|-------------------|-------------------|-------------------|
| Unpaid claims, beginning of fiscal year | \$ 569,117        | \$ 546,719        | \$ 561,777        |
| Incurred claims (including IBNRs)       | 6,151,255         | 4,659,355         | 5,162,022         |
| Claim payments                          | (6,156,512)       | (4,636,957)       | (5,177,080)       |
| Unpaid claims, end of fiscal year       | <u>\$ 563,860</u> | <u>\$ 569,117</u> | <u>\$ 546,719</u> |

Adjustment: Isle of Pines Water System Bonds were overstated by \$ 6,671.00 in Fiscal Year 04-05.

Additional information is located in the Supplementary Section on pages - .

### **B.** General Obligation Bonds

The County has issued General Obligation Bonds to fund the Building programs of the County and other governmental organizations. The County has assumed complete liability for the retirement of these obligations. Principal payments on all bonds are due annually and interest is due semi-annually. The bonds are generally subject to early redemption after specified dates in reverse order of maturity at premiums of up to 3 1/2 percent.

The South Carolina Constitution limits local unit borrowing power to 8 percent of its assessed property value. The limitation excludes bonded indebtedness existing prior to November 30, 1977 (date of the Constitutional amendment), certain special levies assessed on properties located in an area receiving special benefits and other prescribed indebtedness approved by the voters. County bonds issued subsequent to November 30, 1977 (and legally applicable to the debt limit) had an outstanding total of \$38,060,000 on June 30, 2006. Based on the December 31, 2005, adjusted property valuation of \$841,100,420 (unaudited), the legal debt limit is \$67,288,034 leaving a legal debt margin as of June 30, 2006 of \$29,228,034.

| General obligation bonds outstanding as of June 30, 2006 are as follows:   |                     |

### **C. Future Debt Service Requirements:**

Annual requirements to amortize all long-term debt and interest (excluding accrued vacation benefits of \$2,649,479, outstanding as of June 30, 2006 and payable in the fiscal year indicated, are summarized as follows:

|                                      | General Bond         |
|--------------------------------------|----------------------|
|                                      | <b>Obligations</b>   |
| 2007                                 | \$ 5,121,291         |
| 2008                                 | 3,995,632            |
| 2009                                 | 3,670,923            |
| 2010                                 | 2,959,579            |
| 2011-2026                            | 45,229,365           |
| Total Future Debt Service            | \$ 60,976,790        |
| Less Interest                        | (21,238,377)         |
| Present Value of Future Debt Service | <u>\$ 39,738,413</u> |

### **D.** Conduit Debt:

The conduit debts are Industrial development bonds and 501(G) debt. The aggregate amount outstanding as of June 30, 2006 is \$2,239,864.

Declared by the County Council neither the project, the note proposed to be issued by the County to defray the cost thereof, nor any documents or agreements entered into by the County in connection therewith will constitute or give rise to any pecuniary liability of the County or a charge against its general credit or taxing power.

### Note 10 - Deficit Fund Balances or Net Assets

| A. Special Revenue Funds:                 |    |           |
|---|----|-----------|
| Sol. Narcotics Forfeiture                 | \$ | ( 6,772)  |
| 11th Circuit L/E Network                  |    | (108)     |
| School Resource Officers Contracts        |    | (24,070)  |
| Homeland Security Grants                  |    | (10,804)  |
| Citizens Corp. Grant                      |    | ( 4,981)  |
| Operations & Firefighter Safety Equipment | (  | (175,295) |
| Transportation Enhancement                |    | ( 9,244)  |
| SCDOT Rise Grant                          |    | ( 62,865) |
| B. Capital Project Funds:                 |    |           |
| Saxe Gotha Industrial Park                |    | (110,000) |

### Notes to the Financial Statements

The Special Revenue Funds deficits resulted from the accrual liabilities as of June 30, 2006. The county has funded this activity on the basis of cash flow requirements, and any deficits are covered by adjustment of matching funds. Capital Project Fund – Saxe Gotha Industrial Park deficit resulted from expense reclassification. This fund is based on reimbursement process.

#### Note 11 - Transfers

| Transfers in and out between various funds are as follows: |                     |
|--|---------------------|
| Transfer in:   |                     |
| Special Revenue Fund                                       | \$ 1,486,558        |
| Debt Service Fund  | 140,119             |
| Capital Projects Fund                                      | 2,079,524           |
| Total Governmental Fund Types                              | 3,706,201           |
| Enterprise Funds:  |                     |
| Solid Waste  | 14                  |
| Pelion Airport   | 26,288              |
| 1  |                     |
| Total  | <u>\$ 3,732,503</u> |
| Transfer Out:  |                     |
| General Fund   | \$ 3,350,020        |
| Special Revenue Fund                                       | 242,350             |
| Capital Projects Fund                                      | 140,119             |
| 1 5  |                     |
| Total Governmental Fund Types                              | \$ 3,732,489        |
| Enterprise Funder  |                     |
| Enterprise Funds:  | 1 /                 |
| Solid Waste  | 14                  |
| Total  | \$ 3,732,503        |

Transfers are used to move grant portions and operating funds for each governmental fund type. Each of the transfers cancel out each other on the primary statement of activities. Only the \$26,288 amount between the primary and business-type shows on the statement.

#### Note 12 - Closure and Post-closure Care Cost

State and federal laws and regulations require that Lexington County place a final cover on its landfill when closed and perform certain maintenance and monitoring functions at the landfill site for thirty years after closure. In addition to operating expenses related to current activities of the landfill, an expense provision and related liability are being recognized in the Solid Waste Enterprise Fund based on the future closure and post-closure care costs that will be incurred near or after the date the landfill no longer accepts waste. The recognition of these landfill closure and post-closure care costs is based on the actual cost for the landfill's final cover.

The estimated liability for landfill closure and post-closure care costs has a balance of \$319,099 as of June 30, 2006. The liability increased due to a \$49,092 increase in groundwater monitoring costs. The landfill has no remaining landfill life, because the landfill is closed to MDS waste.

Lexington County is required by state and federal laws to make annual contributions to finance closure and post-closure care. The County intends for cash and cash equivalents totaling \$2,684,830 at June 30, 2006, to be held for these purposes. It is anticipated that future inflation costs will be financed in part from earnings on these annual contributions. However, if earnings are inadequate or additional post-closure care requirements are determined (due to changes in technology or applicable laws or regulations, for example), these costs may need to be covered by charges to future landfill users, taxpayers, or both.

### **Note 13 - Segment Information - Enterprise Fund**

The County has two enterprise funds: Solid Waste (convenience stations & landfill) and Lexington County Airport at Pelion. These funds are intended to be self-supporting through user fees charged to the public for services. Segment information for the year ended June 30, 2006, is presented below.

| Solid<br><u>Waste</u> | Pelion<br><u>Airport</u>   | <u>Total</u>  |
|-----------------------|--|---|
| \$ 1,574,050          | \$ 14,853  | \$ 1,588,903  |

#### Note 14 - Employee Retirement Systems

The County of Lexington contributes to the South Carolina State Retirement System (SCRS - South Carolina Retirement System and PORS - Police Officers Retirement System), a cost-sharing multiple-employer defined benefit plan. The County's payroll for the year ended June 30, 2006 for employees covered by SCRS was \$25,912,605 and by PORS was \$17,253,619. The County's total payroll for all employees was \$43,621,724.

As established by Title 9-1-480 Code of Laws of South Carolina, 1976 (as amended), all eligible persons, except those specifically excluded, shall become members of the retirement system as a condition of their employment. The responsibility of the administration of the system is assigned by law to the State Budget & Control Board. Generally employees who are responsible for the preservation of the public order are members of the PORS; the remaining County employees are members of SCRS.

### Notes to the Financial Statements

Both the SC Retirement System and the Police Officers Retirement System offer retirement and disability benefits, cost of living adjustments on an ad-hoc basis, life insurance benefits and survivor benefits. The Plan's provisions are established under Title 9 of the SC Code of Laws.

The following is a recap of the mandated contribution rates:

|                        | <u>SCRS</u>      | PORS            |
|------------------------|------------------|-----------------|
| Employee Contributions | 6.25 % of Salary | 6.5% of Salary  |
| Employer Contributions | 7.55 % of Salary | 10.3% of Salary |

In addition to the preceding rates, the County contributes .15 % of the SCRS payroll to provide a group life insurance benefit for their SCRS participants. Also for their PORS participants, the County contributes .2% of PORS payroll to provide a group life insurance benefit and .2% of PORS payroll to provide an accidental death benefit. All employers contribute at the actuarially required contribution rates. The County's contribution totals are shown below for the past three years:

| Year Ending June 30, | SCRS           |       | PORS                 |
|----------------------|----------------|-------|----------------------|
| 2006                 | \$2,009,475.90 | 7.70% | \$1,858,997.70 10.7% |
| 2005                 | \$1,678,365.01 | 6.85% | \$1,861,649.62 10.7% |
| 2004                 | \$1,567,286.11 | 6.85% | \$1,757,221.38 10.7% |

A Comprehensive Annual Financial Report containing financial statements and required supplementary information for the South Carolina Retirement System and Police Officers Retirement System is issued and publicly available by writing the South Carolina Retirement System, P.O. Box 11960, Columbia, S.C., 29211-1960.

#### **Note 15 - Deferred Compensation Plan**

The County offers its employees a State sponsored deferred compensation plan (created in accordance with Internal Revenue Code Section 457) available through the South Carolina State Treasurer's Office. The plan, available to all County employees, permits them to defer a portion of their salary until future years. In effect, the employee temporarily loses access to the resources in exchange for the right to defer federal taxes. The deferred compensation cannot be withdrawn by employees until termination, retirement, death, disability, or an approved hardship.

Citistreet (under state contract) are the program administrators of the 457 plan, as well as the other available 401K plan. The choice of deferred compensation option(s) are selected by the participant.

In 1996, Congress passed new legislation governing IRC Section 457 plans. The new legislation specifically states that all assets and income of the plan must be held in trust for the exclusive benefit of participants and their beneficiaries.

All existing plans had to be modified to comply with the new legislation by January 1, 1999. The plan which is available through the State of South Carolina was modified to comply with the new legislation July 1, 1998.

GASB - Statement 32 eliminates all of the financial accounting and reporting related to IRC Section 457 plans. Therefore, the assets in the plan are no longer reported in the Agency Fund in these statements.

### Note 16 - Post Employment Health Care Benefits

The County provides a post employment health insurance plan for employees retiring under the South Carolina Retirement systems and for employees terminating their employment with the County after having worked for the County for 10 years with the last 5 years being consecutive. The premiums for employees retiring with full benefits under the State Retirement systems are the same as for active employees. Employees retiring with reduced benefits or terminating after 10 years of County service, pay COBRA rates. The benefits for former employees covered under the plan are the same as for active employees. Coverage terminates if other insurance is acquired, or until age 65. The following recaps this activity for FY 2005/06.

| Number of Participants (at 6/30/06) |           | 53        |
|-------------------------------------|-----------|-----------|
| Premiums Paid:                      |           |           |
| Participants                        | \$ 96,867 |           |
| County Portion                      | 291,779   | \$388,646 |
|                                     |           |           |
| Claims Paid                         |           | \$408,916 |

### Note 17 – Compensated Absences

The funds used to liquidate the liability.

| General fund          | \$ 2,341,844       |
|-----------------------|--------------------|
| Special Revenue Funds | 307,636            |
| Internal Service Fund | 5,719              |
| Enterprise Fund       | 46,979             |
|                       |                    |
|                       | <u>\$2,702,178</u> |

### Note 18 – Net Assets Restricted

The government-wide statement of net assets reports \$18,158,783 of restricted net assets, of which \$105,895 is restricted by enabling legislation.

### Note 19 - Commitments and Contingencies

Leases - The majority of the County's lease agreements are relatively minor commitments (generally for office machines and landfill equipment) and are cancelable within one year as required by state law.

Federal and state grants programs - Funds received from federal and state grants and programs are often subject to expenditure for designated purposes only and are subject to audit by various federal and state agencies. The County can be required to replace any funds not used for the purposes required by the grants.

### Notes to the Financial Statements

Contingencies - There is a continuing possibility that the medical care for pre-trial detainees in the Lexington County Jail. The County has a contract with the medical care provider that covers a portion of any outside medical care, but there is a \$5,000.00 limit on the cost to be paid by the medical provider for outside medical care. The County may be responsible for any medical care treatment beyond the amounts paid by the medical provider.

Contingencies - There is a continuing possibility that the County will be called upon to pay for expert defense costs and attorney fees for death penalty cases that are tried in Lexington County. Presently, the State has a fund that pays for such matters.

Contingencies – The County has recently been served with a lawsuit concerning the new Judicial Center and addition to the Administration Building. This lawsuit alleges the construction to be in violation of the Americans with Disabilities Act and other similar statues. This case is being defended by the Insurance Reserve Fund. If the plaintiff wins this case, it is possible that the County could have to spend money to correct and ADA or similar state violations.

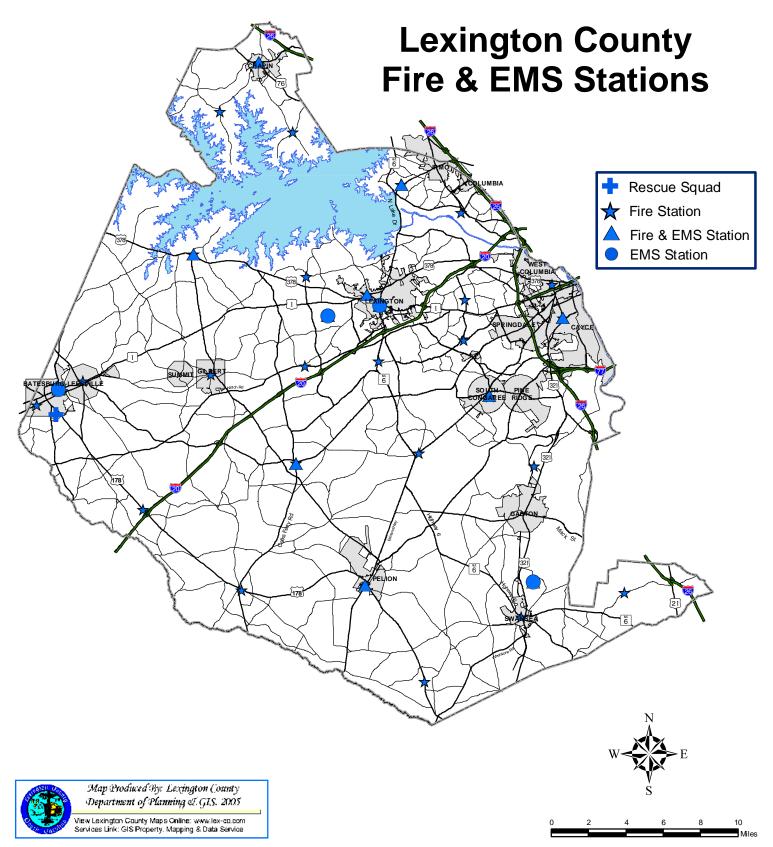

Contingencies - There are pending tort cases that are being defended through the Insurance Reserve Fund and the County attorney believes that there is adequate insurance coverage on these matters and that the South Carolina Tort Claims Act sufficiently protects the County against any verdicts in excess of the statutory limits.

#### **Note 20 - Economic Dependency**

The County of Lexington collects property taxes from five taxpayers whose assessed valuation represents 8.51 percent of the total assessed valuation (excluding vehicles) of the County.

|                               |                   | Percent of Assessed |
|-------------------------------|-------------------|---------------------|
| <u>Taxpayer</u>               | Type of Business  | <u>Valuation</u>    |
| South Carolina Electric & Gas | Utilities         | 4.71%               |
| Michelin North America        | Tire Manufacturer | 1.78%               |
| Mid-Carolina Electric Co-op   | Utilities         | .85%                |
| BellSouth Telecommunications  | Communications    | .74%                |
| Cingular Wireless             | Communications    | .43%                |

# Governmental Funds

## **General Fund**

The general fund is used to account for resources traditionally associated with the County which are not required legally or by sound financial management to be accounted for in another fund.

# **Special Revenue Funds**

Special revenue funds are established to account for specific revenues that are legally restricted statutorily or regulatory to expenditure for particular purposes.

**Economic Development Program** -- Funds are received for the purpose of creating employment opportunities and other economic development activity within the county.

Accommodations Tax -- Funds are generated by a tax on the rental charges for accommodations to transients mandated by South Carolina Code of Laws (6-1-530) to be used exclusively for the purposes of providing funding for tourism development activities within the county.

**Tourism Development Fee** -- Funds are generated from a local 3% accommodations tax permitted under South Carolina Code of Laws (6-1-570)and county (Ordinance 96-21). Funds are to be expended for the purpose of investigating the feasibility and construction of public meeting facilities and/or other enhancements to services used by tourist and convention delegates.

**Temporary Alcohol Beverage License Fee** -- Funds are generated from the sale of (24 hour) permits under South Carolina Code of Laws (61-6-2010) to bona fide nonprofit organizations and licensed business establishments for the possession, sale, and consumption of alcoholic beverages. Expenditures are restricted for capital improvements to tourism-related buildings, beaches, historic properties, and drainage systems; for festivals and youth mentor programs; and for land to be used by the public for recreational purposes.

**Minibottle Tax--** Funds are generated from a tax on minibottles mandated by South Carolina Code of Laws (12-33-245) and distributed to the counties to be used for educational purposes relating to the use of alcoholic liquors and for the rehabilitation of alcoholics and drug addicts.

**Indigent Care Program** -- Funds are generated by the county through a tax assessment mandated by South Carolina Code of Laws (44-6-146), Medically Indigent Assistance Act, and forwarded to the Tax Commission for distribution to hospitals in payment of indigent patients=medical expenses.

**Library Funds** -- This fund has been determined to be a Major Fund. As a component unit, the Lexington County Library funds are combined and reported as a special revenue fund of the reporting entity. All financial resources of the library, such as property taxes, fines, fees, intergovernmental revenue, lottery proceeds and donations are recorded in this fund as well as operational expenditures for each branch library.

**Circuit Solicitor's Programs** -- Separate funds are established to account for a federal grant and for state revenue sharing to the Solicitor's 11th Circuit for programs such as the Victim Witness Program, Solicitor's Narcotics Forfeiture, State Funds, Pre-Trial Intervention program, Worthless Check Program, Drug Case Prosecution, Juvenile Arbitration Program, Drug Court.

**Law Enforcement Programs** -- Separate funds are established to account for federal awards for the enforcement of laws and support of programs such as Child Support Collection, , Bulletproof Vest Program, 11<sup>th</sup> Circuit Network, Multijurisdictional Narcotics Task Force, Forensic Drug Lab, Gang Investigation Unit, Live Scan Fingerprint System, 11<sup>th</sup> Circuit Sober or Slammer, National Incident Based Reporting, Victims of

Crime Act (VOCA) Technical Equipment, and. Other funds account for the revenue and expenditures of the Inmate Services at the jail, the contracted School Resource officers in the school districts, the operations of boat patrol facilities at Bundrick Island, the Narcotics Enforcement Operations, Civil Process Server, and the Alcohol Enforcement Team.

**Other Designated Programs** -- Separate funds are established to account for federal awards for Homeland Security Grants, Citizens Corp. Grant, Rural Development Act, Domestic Preparedness Equipment, Law Enforcement Block Grants to enhance operations in the Sheriff's Office, Magistrate's offices; for state awards from DHEC for EMS Grant-in-Aid for enhancement of ambulance services, and from State Budget and Control Board for special community projects; and a private award from SCE&G for the emergency disaster preparedness program. Other funds account for the revenue/expenditures of the Clerk of Court Professional bond fees, revenues designated to the Employee Committee to be used for employee morale activities, rental of parking spaces, and county appropriated funds for the administrative expenses to manage state and federal grants.

**HUD Urban Entitlement Community Development --** This is a federal entitlement allocation awarded to Lexington County through the United States Department of Housing and Urban Development to upgrade fire service facilities, and to provide sewer, water, and other services which benefit the low to moderate urban communities in Lexington County. A five-year plan has been developed to accomplish this program.

**Title IV-D DSS Child Support (Clerk of Court and Law Enforcement)** -- The SC Department of Social Services provides to the county federal awards in the form of transaction reimbursements (based on unit cost), incentive payments (percentage of child support payments collected), service of process payments (unit cost for serving papers), and reimbursement of county DSS administrative expenses. The federal funds are restricted for activities related to the establishment, collection, and enforcement of child support obligations.

**Emergency Telephone System 911** -- Funds are generated through a 911 tariff and CMRS cell phone fees under authority of South Carolina Code of Laws (23-47-40, 23-47-65) and is restricted for costs necessary for establishing and maintaining the county 911 office and communications system.

**Victims Bill-of-Rights** -- Funds are generated by assessments and surcharges paid by violators of the law, as mandated by the South Carolina Code of Laws (14-1-206), Act 141, Victims Bill-of-Rights, and expenditures are restricted to the enhancement of services to victims of crimes as set forth in South Carolina Code of Laws (16-3-1500 through 16-3-1560).

**SCHD C Funds** -- This fund has been determined to be a Major Fund. Funds are generated through gas taxes collected by the State Treasurer and CTC donor county distribution under authority of South Carolina Code of Laws (12-27-400) and are restricted for the improvement of roads and other transportation projects within the County of Lexington. Funds are also used as matching funds for federal grants for highway enhancement and beautification projects, and for the RISE Grant road projects.

**Delinquent Tax Collections** -- Funds are generated by the imposition of charges on delinquent tax remittances under authority of South Carolina Code of Laws (12-51-40) and must be used for personnel, operating, and capital expenses incurred in the collection of delinquent taxes by the Treasurer's office.

# **Debt Service Funds**

The debt service fund is used to account for the accumulation of resources and payment of general obligation bond principal and interest from governmental resources when the County is obligated in some manner for the payment.

The County, in order to separately account for debt service on the basis of the use of the proceeds and to maintain an accurate accounting, has segregated its debt service fund into numerous subfunds. These sub-funds record the financial resources received and used in their respective portion of general long-term debt applicable to the sub-fund described below.

**County Bond Fund** -- To account for resources used for reduction of Lexington County General Obligation Bonds - proceeds used for general county buildings and equipment.

**Library Bond Fund** -- To account for resources used for reduction of Lexington County General Obligation Bond - proceeds used for construction and improvements.

**Midlands Tech Bonds** -- To account for resources used for reduction of Lexington County General Obligation Bonds - proceeds used in contribution of Midlands Technical College.

**Fire Service Bonds** -- To account for resources used for reduction of Lexington County General Obligation Bonds - proceeds used for county fire service equipment.

**Dutchman Shores Sewer Assessment Bond Fund** -- To account for resources used for reduction of Lexington County General Obligation Bond - proceeds used in construction of sewer lines in Chapin.

**Stonebridge Drive Special Assessment Bond Fund** -- To account for resources used for reduction of Lexington County General Obligation Bond - proceeds used in the construction and paving of Stonebridge Drive.

**Isle of Pines Water and Sewer Assessment Bond Fund** -- To account for resources used for reduction of Lexington County General Obligation Bond - proceeds used in construction of water and sewer lines in Isle of Pines.

# Proprietary and Fiduciary Funds

# **Enterprise Funds**

Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business enterprises - where the intent of the County's council is that the costs of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or where County's council has decided that periodic determination of net income is appropriate for accountability purposes.

**Pelion Airport** -- Airport operations and maintenance are covered through rental fees on spaces for planes, therefore, this information is recorded as an Enterprise Fund.

**Lexington County Solid Waste Management** -- Prior to fiscal year 1990-91, Solid Waste was included within the Public Works Division in the general fund. With the growing complexity of solid waste management, County Council needed more accounting information to determine user service charges and tax levy subsidies, therefore, this information is recorded as an Enterprise Fund. This accounts for all landfill construction, operations, and maintenance; as well as the operation of the convenience stations located throughout the County of Lexington.

# **Internal Service Funds**

Internal service funds are used to account for the financing of goods or service provided by one department or agency to other departments or agencies of the government units, on a cost reimbursement basis.

**Employee Insurance** -- This fund is used to account for the accumulation of insurance premiums, and the payments of employee health insurance claims, life insurance premiums, and associated administrative costs.

**Worker's Compensation** -- This fund is used to account for the accumulation of employer contributions, and the payments of worker's compensation insurance claims, insurance premiums, and safety management services.

**Risk Management** -- This fund is used to account for the expenses incurred by personnel in overseeing incidents and minimizing risks for the County.

**Motor Pool** -- This fund is used to account for the rental of motor vehicles by other departments and the related costs of those vehicles.

## **Agency Funds**

Agency Funds are used to account for assets held by the government as an agent for individuals, private organizations, other governments and/or other funds.

### Agency Funds --

**Taxing Entities** -- There are thirty-two different funds established to account for property taxes handled by the County Treasurer on behalf of the respective taxing entities. These include various funds for school districts, municipalities, and other taxing authorities.

**Escrow Funds** -- There are twenty-two different funds established to account for funds held in escrow by the County for the respective programs.

# Supplementary

# **Supplementary**

The supplementary section includes information on enterprise capital assets and schedules of principal and interest payments to maturity. The enterprise fund capital assets schedules include: a comparison schedule of each enterprise fund capital asset for this fiscal year and the previous fiscal year, and a schedule of changes in enterprise fund capital assets for this fiscal year. The schedules of principal and interest payments to maturity include all Lexington County issued bonds and enterprise fund revenue bonds, long-term notes, and capital leases.

| Legal debt margin  | \$ 29,228,034  |
|  |                |

#### Legal Debt Limit of the County

Article X, Section 14 of the Constitution of the State of South Carolina, 1895, as amended, provides that counties shall have the power to incur bonded indebtedness in such manner and upon such terms and conditions as the General Assembly shall prescribe by general law. General obligation debt may be incurred only for public and corporate purposes in an amount not exceeding 8% of the assessed value of all taxable property of the county. The County Bond Act provides that the governing bodies of the several counties of the State may issue general obligation bonds to defray the cost of any authorized purpose and for any amount not exceeding its applicable constitutional debt limit.

Under Article X, Section 14 of the Constitution, bonded indebtedness of the County existing on November 30, 1977, is not considered in determining the County's 8% debt limitations. General obligation debt authorized by a majority vote of the qualified electors of the County voting in a referendum may be incurred without limitation as to amount and is not considered in determining the County's 8% limitation.

In addition, Article X, Section 14 of the Constitution provides that general obligation debt may be incurred by counties on such terms and conditions as the General Assembly may, by general law, prescribe for sewage disposal or treatment, fire protection, street lighting, garbage collection and disposal, water service, or any other service facility benefiting only a particular geographical section of the county, without an election and without limitations as to amount, provided a special charge, in an amount designed to provide debt service on bonded indebtedness incurred for such purposes, shall be imposed upon the areas or persons receiving the benefit therefrom; and general obligation debt so incurred shall not be considered in computing the bonded indebtedness under the 8% limitations.

(1) Source: Compiled from County Auditor's and County Assessor's data.

(2) Note : The assessed value does not include merchants inventory with an assessed value totaling \$8,897,130. The merchant's inventory assessed value is used, however, in the computation of the legal debt margin (see Table 7).

The South Carolina State Constitution requires equal and uniform assessments of property throughout the state using ratios of fair market value from 10.5% for manufacturers real property down to 4% for

legal residences. Further information is available in Note 4.

(3) Year of reassessment of real property

### INDEPENDENT AUDITOR'S REPORTS ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

The Honorable Chairman and Members Of The Lexington County Council For County of Lexington, South Carolina

#### Compliance

We have audited the compliance of County of Lexington, South Carolina (hereafter referred to as the County) with the types of compliance requirements described in the U. S. Office of Management and Budget (OMB) Circular A-133 *Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2006. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2006.

#### **Internal Control Over Compliance**

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on internal control over compliance with OMB Circular A-133.

Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be material weaknesses. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with applicable requirements of laws, regulations, contracts, and grants caused by error or fraud that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over compliance and its operation that we consider to be material weaknesses.

This report is intended for the information of the County Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

### INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Honorable Chairman and Members of The County Council County of Lexington, South Carolina

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, and the aggregate remaining fund information of the County of Lexington (hereafter referred to as the County), as of and for the year ended June 30, 2006, which collectively comprise the County's basic financial statements and have issued our report thereon dated November 15, 2006. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

### **Internal Control Over Financial Reporting**

In planning and performing our audit, we considered the County's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we considered to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect the County's ability to initiate, record, process, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Finding and Questioned Costs as items 06-1. A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reportable conditions and, accordingly, would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also material weaknesses. However, we believe that the reportable conditions described above are not a material weakness.

#### **Compliance and Other Matters**

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grants agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instance of noncompliance or other matters that is required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to the County management in a separate letter dated November 15, 2006.

This report is intended solely for the information and use of the County Council, management, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than those specified parties.

## SCHEDULE OF FINDINGS AND QUESTIONED COST FOR COUNTY OF LEXINGTON, SC FOR THE YEAR ENDED JUNE 30, 2006

### Section I - Summary of Auditor's Results

### **Financial Statements:**

The independent auditor's report on the financial statements expressed an unqualified opinion.

### **Internal Control over Financial Reporting:**

The audit disclosed no material weaknesses, with one reportable condition, relating to the audit of the financial statements.

### Noncompliance Material to Financial Statements:

There were no noncompliance findings that were material to the financial statements.

### Federal Awards:

### **Internal Control Over Major Programs:**

There were no reportable conditions relating to the audit of the major federal award programs.

The auditor's report issued on compliance for major programs expressed an unqualified opinion.

There were no audit findings that are required to be reported in accordance with Section 510(a) of Circular A-133.

The major programs of County of Lexington included in the audit were:

U.S. Department of Housing & Urban Development CFDA# 14.218 U.S. Department of Justice CFDA # 16.579

The threshold used for distinguishing between Type A and B programs was \$300,000.

County of Lexington qualified as a low-risk auditee.

## 06-1 SPECIAL REVENUE FUNDS

## **CONDITION:**

Grant and other reimbursements are not always being received in a timely manner

## **QUESTIONED COSTS:**

None

## Effect:

The County receives reimbursements later than possible and thus loses investment opportunities.

# Cause:

Request for reimbursements are not processed as quickly as possible and followup procedures are not always being timely performed.

## **Recommendation:**

Internal controls should be enhanced to ensure timely submission of request for reimbursements and adequate review for outstanding items.

## Views of responsible officials and planned corrective action plan:

The County grants manager will maintain a financial compliance checklist to ensure that Grant reimbursement requests will be filed timely.

## Section III - Federal Award Findings and Questioned Cost

No matters were reported.
